STATEMENTS OF PURPOSE

MISSION STATEMENT

The Mission of Lon Morris College is to offer a quality liberal arts education within a Christian community that allows the whole person to develop and mature.

VISION STATEMENT

Lon Morris College will offer, in a Christian environment, the first two years of a quality liberal arts education. Lon Morris College will be a servant of the church in an era in which secular values dominate world culture. We will provide an environment for growing numbers of students who seek a distinctive kind of educational experience in a small setting that is Christ-centered.

We are committed to academic excellence in the pursuit of knowledge and truth within a value-based environment. We believe that every academic problem, every choice in life, every response to the issues of the world is approached from a different perspective if it is sought through faith in Christ. This integration of faith and life will intentionally be a part of campus activities.

Our commitment is to adhere to Christ-centered behavioral expectations, which will be an integral ingredient in our holistic approach to education. In its totality, this will provide a learning environment which is truly distinctive.

Lon Morris College will be a place where students can come to experience intellectual growth and also share in a Christian community.

EDUCATIONAL STATEMENT

Lon Morris College is a church-related, two-year college of the arts and sciences with a core curriculum emphasizing the liberal arts. As a two-year college, Lon Morris College offers two years of higher education, foundational for advanced degrees, for those going on to more extended general education or to specialized and professional study. The college also serves its community by opening its classes to those seeking higher education for personal enrichment and by opening its cultural events to the general public.

While maintaining university-level academic standards, Lon Morris College seeks to bring students into an atmosphere of warmth and friendliness where individual help is available to assist the student to meet these standards, to offer personalized guidance, and to stimulate creative academic progress through close relationships with students and teachers.

To this end, as a college of arts and sciences, Lon Morris College offers courses of study and other opportunities for learning that will enable students to solve problems analytically; to understand their heritage, the world in which they live, and the arts and humanities; and to engage more effectively in both oral and written communication.

As a church-related college, Lon Morris College seeks to be a community in which Christian ideas and values give meaning and enrichment to college life. While welcoming students of diverse background and allowing genuine religious freedom, Lon Morris College seeks to uphold the United Methodist heritage, polity, and doctrine.
Lon Morris College is a school with a proud tradition. Affiliated with and supported by the Texas Annual Conference of The United Methodist Church, Lon Morris College seeks to provide leadership for the church and society. Founded in 1854 as the New Danville Masonic Female Academy near Kilgore, it is the oldest existing two-year college in Texas. In 1873, the college moved to Kilgore and became property of the Kilgore Methodist Church, changing its name to Alexander Institute in honor of its president, Isaac Alexander, an outstanding early Texas educator. The Texas Annual Conference acquired Alexander Institute in 1875. Chartered on January 15, 1887, it moved to Jacksonville in 1894 and to the present location in 1909. After R.A. “Lon” Morris of Pittsburg, Texas, gave his estate to the school, and with approval of the Texas Annual Conference, the name was changed once more, in 1924, to Lon Morris College.

Lon Morris College chartered the first Texas chapter of Phi Theta Kappa, national scholastic honor society for two-year colleges, on January 18, 1929. The only two-year Methodist college west of the Mississippi River, Lon Morris College also has the distinction of having held membership in the Southern Association of Colleges and Schools longer than any other two-year college in the state and of being the only surviving pre-Civil War school in East Texas.
BOARD OF TRUSTEES

Class of 2006
Mr. Gene Brumbelow
Mr. Tom Cammack
Bishop Ben Chamness
Mrs. Joyce Cook
Representative Chuck Hopson
Judge Jim Parsons
Judge Michael Schneider
Mr. Noel Stout
Mr. Bill Wagner

Class of 2007
Mr. Jeff Austin, Jr.
Rev. Robert Besser
Mr. Ramon Bukhair
Mr. Brian Garrison

ENDOWED PROFESSORSHIPS

THE L.R. CADE PROFESSORSHIP OF GOVERNMENT was established at Lon Morris College in memory of Dr. and Mrs. L.R. Cade of Chester, Texas, in official action in 1952 by the Lon Morris College Board of Trustees.

THE C.N. WILLIFORD PROFESSORSHIP OF HISTORY was given to Lon Morris College in 1964 by Mr. and Mrs. C.N. Williford of Fairfield, Texas.

THE H.E. DISHMAN PROFESSORSHIP OF ENGLISH was established at Lon Morris College in honor of Mr. and Mrs. H.E. Dishman of Beaumont, Texas, in official action in 1970 by the Lon Morris College Board of Trustees.

THE SIMON W. HENDERSON, JR., PROFESSORSHIP OF BUSINESS ADMINISTRATION was established at Lon Morris College in 1974 by Mr. and Mrs. Simon W. Henderson, Jr., of Lufkin, Texas, in his honor.

THE BISHOP FINIS ALONZO CRUTCHFIELD PROFESSORSHIP OF BIBLE was established at Lon Morris College in 1980, endowed by the Texas Annual Conference of the United Methodist Church.

THE PAUL H. PEWITT PROFESSORSHIP OF SCIENCE was established at Lon Morris College in 1982 in memory of a long-time trustee of the college.

THE DEVEREUX PROFESSORSHIP OF ENGLISH was the gift of Grace Devereux Guinn of Rusk, Texas. Established in 1988.

THE FAUST PROFESSORSHIP OF LANGUAGES was the gift of Mr. and Mrs. Fred Faust of Jacksonville, Texas. Established in 1989.

ENDOWED FELLOWSHIPS AND LECTURESHIPS

The Beall Fellowship

THE JOHN A. BEALL, II AND DeLOUISE McCLELLAND BEALL FELLOWSHIP was established at Lon Morris College in 1972 by Mrs. Edmund F. (Virginia Beall) Ball of Muncie, Indiana, in memory of her parents. Each year, an outstanding speaker in the area of the Humanities is brought to campus to stimulate and challenge the entire campus community. In 2004, the Board of Trustees expanded the lectureship to create the Beall Fellowship. In addition to the lecture, each year an outstanding individual is added to our faculty to teach in one of the Humanities Departments.

The Croft Symposium

This distinguished lectureship annually brings to the Lon Morris campus well-known leaders in the field of business and commerce, literature, economics, politics, and ethics. This symposium was established in 1990 by John and Kay Croft. Mr. Croft is an alumnus of Lon Morris College.

The Willson Lectureship

The annual Willson Lecture Series at Lon Morris College is made possible by a gift from the late Mavis Terry Willson and the late J.M. Willson of Floydada, Texas. Their endowed lectureship, established in 1946, makes it possible to bring outstanding speakers in the area of Christian life and faith to our campus in the fall of each year.
ADMISSIONS

Lon Morris College (LMC) welcomes applications from all students interested in pursuing an Associate of Arts (AA) degree, an Associate of Science (AS) degree, or an Associate of Fine Arts (AFA) degree. In addition, LMC encourages applications from others whose goals are preparation for further study or to enhance present capabilities for personal or occupational purposes.

Applicants may include:
1. High school graduates
2. General Education Development (GED) recipients
3. Students who have completed a home-school course.
4. Students currently enrolled in an accredited high school
5. Transfer students
6. International students
7. Non-degree seeking students

Lon Morris College reserves the right to refuse admission or readmission to any applicant who does not comply with admissions procedures or where evidence exists that the applicant would probably be incompatible with the aims and objectives of the College, or where, in the judgment of the College, the applicant’s presence on campus would not be in the best interest of the applicant or the College. Any person who does not agree with the above policy has the right of due process.

ENTERING STUDENT ADMISSION

A. Requirements

1. Graduation from an accredited high school or a minimum score of 40 on each test and an overall average of 45 on the General Education Development (GED) test. Candidates who fail to submit records of high school graduation or passing GED scores –
   a. will be admitted conditionally and limited to four major classes (classes of three or more semester credit hours)
   b. must submit missing records before the end of their first semester or their conditional admission will be converted to admission on academic probation.

Candidates who are under 18 years of age and are seeking admission on the basis of completion of an individual study plan must be individually approved for admittance. They must submit a notarized record of completed high-school equivalent work showing that their work is consistent with the Texas Education Agency minimums for high-school completions. Contact the Academic Dean for details.

2. Submit admission test scores
   a. Applicants with a TAAS scale score of 1770 or higher and a TLI score of at least 89 on the reading test are exempt from the required admission tests and receive unconditional full admission.
   b. Other applicants must submit ACT, SAT, TASP, or TASP-alternative scores before admission. If students submit scores for more than one entrance test, Lon Morris will accept the highest scores. Admission status will be based on the verbal scores of these tests as follows:
      ACT, 19-33; SAT, 500-800; TASP, pass both reading and writing sections.
      Unconditional admission.
ACT, 15-18; SAT, 400-499; TASP, 180-219*. Conditional admission. Other indicators are considered such as high school grades, but students may be encouraged to enroll in developmental classes.

ACT, 12-14; SAT, 325-399; TASP, 150-179*. Conditional admission. Other indicators are considered such as high school grades, but students may be encouraged to enroll in developmental classes. Unless granted permission by the Academic Dean, student may enroll in no more than four major classes (classes of 3 or 4 semester credit hours).

ACT 0-11; SAT, 200-324; TASP, 100-149*. Admitted on academic probation. Students must take developmental English classes as assigned and, unless granted permission by the Academic Dean, may enroll in no more than four major classes. They must earn a grade-point average of at least 1.50 to be eligible to enroll for a second semester.

* lower of TASP/THEA Reading or Writing score.

3. Students intending to major in music must perform an entrance audition as set forth in the Department of Music General Requirements section of this catalog in addition to the criteria listed above.

B. Procedures

Beginning students should submit the following documents to the Office of Admissions:

1. Completed LMC Application with a non-refundable fee of $35.00.
2. An official high school transcript or GED certificate.
3. Test scores from ACT, SAT, or TASP.
4. Transcripts from other colleges attended.
5. Proof of medical insurance coverage.
6. Health application form.
7. Physical examination completed by a physician.

CONCURRENT ENROLLMENT
ADMISSION PROGRAM

Students who are still enrolled in a high school program and find that their schedule and time allow them to start their college work before they have graduated from high school may participate in the Concurrent Enrollment Program.

A. Requirements

1. High school schedule that affords time to take college courses.
2. Enrollment in the last year of a three-year or four-year high school plan (last two years if enrolled in the Distinguished Achievement Program).
3. Minimum “C” average and in good standing with the high school.
4. Approval from high school principal, counselor, or individual study plan director.
5. Course load of no more than seven hours each semester, unless approved by the Academic Dean.

B. Procedures

High school students must submit the following to the Office of Admissions:

1. Current certification of minimum “C” average and in good standing with the high school program.
2. Letter of approval from the high school principal, counselor or individual study-
3. Completed LMC Application. The application fee will be waived until the student applies for regular admission.
4. Proof of medical insurance coverage.

**TRANSFER STUDENT ADMISSION**

A. **Requirements**
   1. Completion of at least 15 semester hours of transferable college credit from an accredited college or university. Those students who have fewer than 15 semester credit hours must satisfy the eligibility requirements for entering students.
   2. Not currently on disciplinary suspension or expulsion from another college or university.
   3. A grade-point average that would, under Lon Morris College’s probation and suspension rules, place the student in good standing. Students whose average would place them on academic probation may be admitted on academic probation.

B. **Procedures**
   Students must submit the following:
   1. Completed LMC application for admission with a non-refundable fee of $35.00 submitted to the LMC Office of Admissions.
   2. Official transcripts from all colleges or universities attended.
   3. Placement test scores (ACT, SAT, TASP, THEA, ASSET, etc.), unless the student has received college credit in English and Math.
   4. Proof of medical insurance coverage.
   5. Health application form.
   6. Physical examination completed by a physician.

**INTERNATIONAL STUDENT ADMISSION**

A. **Requirements**
   Full-time academic status will be considered when the following documents are submitted and requirements are met:
   1. Completed International Application for Admission.
   2. Official secondary school records and transcripts of any college-level work.
   3. Test of English as a Foreign Language (TOEFL):

<table>
<thead>
<tr>
<th>Paper-based TOEFL score</th>
<th>Computer TOEFL score</th>
<th>Admission Status</th>
</tr>
</thead>
<tbody>
<tr>
<td>550 or above</td>
<td>215 or above</td>
<td>unconditional</td>
</tr>
<tr>
<td>500-549</td>
<td>173-214</td>
<td>conditional: must take English placement test</td>
</tr>
<tr>
<td>499 or below</td>
<td>172 or below</td>
<td>conditional: must take English as a Second Language (ENGL 0411 or 0412). Limited to four 3 or 4 semester hour classes.</td>
</tr>
</tbody>
</table>

5. Proof of medical insurance. (Students may purchase a policy on arriving at Lon Morris.)
6. Health application form.
7. Physical examination completed by a physician.
8. Statement of financial responsibility with all sections completed.
9. Letter from a responsible person accepting financial responsibility for the student while staying in the U.S.A.
10. Candidates who submit no TOEFL score or score of less than 500 (paper) or 173 (computer) –
   a. will be admitted conditionally:
   b. must take ESL and will be limited to no more than three additional three- or four-hour courses. Admission to a course other than ESL must be approved by the ESL instructor, the student’s academic advisor, and the instructor of the class.

B. Procedures
1. When the requirements set forth above have been completed the Director of Enrollment Management will issue an “I-20” along with a letter and certificate of acceptance to the college.
2. Upon receipt of the “I-20” the student may apply for an F-1 Student Visa.

C. Conditions After Admission
1. Before enrolling in a credit class, the international student must demonstrate sufficient English proficiency to succeed in the class.
2. All international students (other than native speakers of English) are required to take ENGL 0411 and ENGL 0412 unless their TOEFL scores are 550 or above (215 or above computer-based) or they are assigned to another class as a result of the English placement test.
3. International students must inform the Director of Enrollment Management prior to concurrent enrollment at another college or university.

NON DEGREE-SEEKING ADMISSION
A non degree-seeking student may enroll in up to six college credit hours per semester and may accumulate a maximum of twelve semester credit hours. These students must submit proof of medical insurance, but transcripts and placement tests are not required. After accumulating twelve hours, a student must seek formal admission to the college.

PLACEMENT TESTS
Placement in English and math courses is based on entrance test scores and high-school transcripts. Based on an assessment of these results, students may be required to enroll in non-transferable developmental English and math courses. Students placed in these courses may also enroll in selected credit-level courses. Because of its advanced Learning Resources Center and availability of teachers for tutoring, Lon Morris will allow some students who have a border-line placement score to try a more advanced class. See the Academic Dean for details.

TEXAS HIGHER EDUCATION ASSESSMENT
While Lon Morris College does not require the Texas Higher Education Assessment (THEA) test (formerly known as Texas Academic Skills Program [TASP] test), students who transfer from Lon Morris College to a Texas public college or university will be required to pass the three sections (reading, writing, and mathematics). For the convenience of those students, the THEA test is given on campus once each semester. Contact the Office of the Academic Dean for further information.

Tuition per course:

- 1 to 4 hours: $975
- 5 to 7 hours: $1,950
- 8 to 11 hours: $4,225 (2,925 + 1,300 Fees)
- 12 to 18 hours (full time): $5,200 (3,900 + 1,300 Fees)

And overload charges as follows:

- 1 SCH: $125
- 2 SCH: $250
- 3 SCH: $375
- 4 SCH: $500 + 125 per each additional hr.

*This total does not include books, supplies, sales tax on Board, or any miscellaneous fees incurred.

### Additional Fees & Tax on Board

- Tax on Board: $132 per semester
- Cable Fee: $12 per semester
- Parking/Security: $50 per semester
- Assessments Fee: $10 per semester

All charges and fees are subject to change by the Board of Trustees. All financial arrangements must be complete at the time of registration or the student will be withdrawn from classes.

### Application Fee

Each new applicant must pay an application fee of $35.00. This charge covers processing and is not subject to refund even if the application is not approved.

### Student Activity Fee

Income from the Student Activity Fee is used to provide a well-rounded program of activities and services for students of the college, including admission to all college sponsored music, art, and athletic events; drama productions; use of the swimming pool; dances, and other college sponsored functions.
Residence Hall Housing Deposit

A Residence Hall Housing Deposit of $200 will be charged to all entering freshman and transfer dormitory students. The full depletion of a property deposit while a student is in attendance at Lon Morris College will necessitate the immediate placing of a second deposit. For additional information, refer to the Student Handbook or contact the Director of Housing.

The deposit will be refunded following the student’s final withdrawal from Lon Morris College or proper withdrawal from residential housing if requested in writing within 90 days from withdrawal date. Property damage and improper withdrawal fees will be levied against the housing deposit. A room exit inventory form and proper check-out must be completed with the Coordinator of the given Residence Hall to ensure a final withdrawal from the Residence Hall.

PAYMENT OPTIONS

In addition to an extensive financial aid program, Lon Morris offers students three options for payment of tuition and fees.
1. Full payment at beginning of each semester of balance after deduction of financial aid.
2. Payment in two installments per semester, one at registration and the other on or before October 1 for the fall semester or on or before March 1 for the spring semester. There is a $20 per semester fee for this method.
3. AMS Interest Free Monthly Payment Plan. A $60 enrollment fee allows the student to spread payments out over nine months. A $45 fee allows payments to spread out over one semester.

FINANCIAL RESPONSIBILITY

Students are expected to meet all financial and nonfinancial obligations to the College within the time allowed. Failure to meet all obligations in full will result in the following consequences for both current and former students: (1) disallowing future registration, (2) withholding official transcripts, (3) denial of right to participate in graduation ceremonies, and (4) withholding award of degrees.

REFUNDS

Withdrawal from School

Refunds or credit on tuition and room and board will be allowed at the following rates:

- During Registration..........................................................100% refund or credit
- First week.................................................................75% refund or credit
- Second-Third week ..................................................60% refund or credit
- Fourth-Fifth week .......................................................50% refund or credit
- After Fifth week.........................................................No refund or credit

If a student who is receiving Title IV federal aid withdraws, a potential refund to the federal government must be calculated according to federal guidelines. Any unearned portion of the federal funds must be returned to the government. The student will be responsible for returning the calculated portion of unearned aid to the proper source. A student who withdraws after completing 60 percent or more of the semester may retain all Title IV federal aid.
Summer School
During Summer School a refund of 50% of tuition will be allowed if the student withdraws during the first week of the term. No refund of summer school tuition will be made after the first week of term.

Dropping Courses
No refund will be made on courses dropped after the last day to register in the semester.

Suspension or Expulsion
Upon suspension or expulsion from the college, there will be no refund of tuition or fees. The balance due the college will be considered receivable and will be collected.

No refund or credit will be allowed on fees at any time.
FINANCIAL AID AND SCHOLARSHIPS

STUDENT ELIGIBILITY

To be eligible for federal financial aid programs (the Federal Pell Grant Program, the Federal Supplemental Educational Opportunity Grant [FSEOG], the Federal College Work Study [FCWS], and the Federal Family Educational Loan Programs that include the Federal Stafford and Federal Parent Loan for Undergraduate Students), students must meet the following criteria: be a U.S. citizen or eligible non-citizen, be enrolled in a degree or certificate program, meet the Lon Morris College (LMC) Financial Aid Satisfactory Academic Progress Standards, and not be in default on a student loan or owe a repayment of Title IV federal financial aid funds. (A repayment occurs if the student receives funds for living expenses and then withdraws within the first 60% of the semester [official or unofficial] from the College.

All students borrowing in the Federal Stafford Loan Program for the first time at LMC (regardless of previous borrowing elsewhere) must complete entrance loan counseling. Entrance counseling is available at http://www.mapping-your-future.org. Be sure to complete the form at the end of the session. This form will be sent electronically to LMC. Loan funds for first-time borrowers will not be processed until LMC receives the electronic form certifying entrance loan counseling has been completed.

All entering first-time students borrowing for the first time at LMC must wait 30 days before Stafford loan funds can be credited to student accounts. All students who have sufficient loan funds can receive a bookstore credit from the Business Office to purchase books and supplies up to the amount that does not exceed the credit that would be applied after the student loan. The student will be obligated to repay this advance to Lon Morris College when the Stafford funds are received after the first 30 days of the semester. In the event the student is not enrolled when the Stafford funds are received, the student will owe the advance to LMC.

FINANCIAL AID

To apply for any type of financial aid administered by Lon Morris College:

1. Complete the Free Application for Federal Student Aid Form (FAFSA). The purpose of the FAFSA is to collect information used in evaluating the financial ability of the family to contribute to the cost of the student’s post-high school education. We recommend that you enter the FAFSA information on the web at http://www.fafsa.ed.gov for faster response from the Department of Education. If you do not have access to the web, you may get the paper application from your local high school or from Lon Morris College. Designate Lon Morris College (federal code 003585) as a recipient.

2. Complete and return all other applications and documents furnished by the Financial Aid Office.

3. Prior to award packaging, entering freshman students will be allowed to enroll only if they have completed all admission requirements.

4. Selected students who enroll at Lon Morris College and seek financial aid assistance from any Federal Title IV funds may be required to complete a process
called Verification. These requirements are outlined below.

5. After all documents have been completed, the student will be awarded any and all Federal Title IV funds that are available. Awarding of funds will be based upon need.

**FEDERAL VERIFICATION REQUIREMENTS**

If a student is selected to complete the Verification process, the Director of Financial Aid will require that the following items be verified with documents submitted by both the parent(s) and the student:

1. Adjusted gross family income and miscellaneous information on the tax return and tax schedules
2. W-2 information
3. Family size
4. Number of family members in post secondary programs
5. Untaxed income and benefits
6. Selective Service verification
7. Statement of educational purpose
8. Non-default statement

**SELECTION AND PACKAGING POLICIES**

Using the Free Application for Federal Student Aid Form (FAFSA), financial need will be determined for the student. Selection and financial aid packaging will be formulated using the “needs analysis” profile. Students with the highest degree of need will be reviewed and awarded first. All others will be awarded on a “first-come, first-served” basis.

All Pell Grants will be awarded as entitled. The Federal Supplemental Education Opportunity Grant (SEOG), college work study and the state grant programs will be awarded based on need and availability of funds. Stafford Loans will be awarded based on outstanding need and certification by the Office of Financial Aid, after all other funds have been utilized for the student. All institutional scholarships will be awarded as earned. All federal, state and institutional funds will be awarded until the total financial need is met or until funds are expended.

Applications for financial aid are accepted and considered without discrimination on any basis prohibited by law, including, but not limited to, race, color, age, national origin, sex, veteran status, religion, or disability.

**STUDENT’S RIGHTS AND RESPONSIBILITIES**

1. Students are required to notify the Office of Financial Aid in writing regarding any changes in their financial or academic status while attending Lon Morris College.

2. Financial aid funds are disbursed on a semester-by-semester basis. Aid is credited to a student’s account at the college and the balance of the award, after the account
is cleared, will be disbursed to the student.

3. To continue receiving aid, a student must maintain satisfactory academic progress, financial aid academic progress and be in a degree or certificate program. Each student is responsible for becoming familiar with the Academic Progress Requirements policy and the Financial Aid Academic Progress Requirements policy as outlined in this catalog.

4. Lon Morris College will have the right to release any financial aid transcript to the proper officials of scholarship agencies or organizations who wish to consider the student as a recipient of their awards. Students receiving public assistance are responsible for reporting their student financial aid, including loans, to the appropriate agency.

5. Students must apply for Federal and State financial aid for each academic year at www.fafsa.ed.gov. The FAFSA may be completed after January 1st of each year.

6. Lon Morris College's Scholarships and Departmental Awards will be re-evaluated after each semester to determine if the student has met the requirements set by each Department or Campus Activity Department.

7. Students may accept one Lon Morris College Campus Activity Award or Departmental Award in an academic year. Students may be a participant in more than one Lon Morris College Campus Activity or Department.

8. Any awards made directly to the student through external sources must be reported to the Office of Financial Aid, so that these awards may be considered in the "need evaluation" process.

9. A drop or withdrawal from course study may result in a decrease or cancellation of financial aid awards, and any Title IV funds released to the student may have to be refunded. Student refund policy is available in the Office of Financial Aid and in this catalog.

10. All scholarships and grants received in excess of the total amount used to pay for tuition, fees, books, supplies and equipment are considered taxable income for U.S. income tax purposes, and it is the student's responsibility to report this as income on the tax return.

11. All Stafford Loan information regarding the terms of the loan and repayment scheduling is available in the Office of Financial Aid.

12. Students participating in the College Work Study Program must contact the Office of Financial Aid to complete the necessary paperwork. College Work Study funds awarded to the student will not disburse to the Business Office as a form of payment for each semester. College Work Study is not a grant; students must work for the funds. College Work Study students will receive paychecks from the Business Office on a monthly basis for their prior month's hours worked.

13. General conditions for College Work Study assignments:
   a. All students will be assigned the same number of hours to work each week. The student should work the hours assigned.
   b. The work schedule for the semester is coordinated by the student in consultation with the supervisor. Student workers should follow the schedule as
closely as possible.

c. A time card will be used by the student when working each day. Time cards should be signed by the student and the supervisor before the time card is turned in to the Business Office.

d. Other details regarding the College Work Study Program may be obtained in the Office of Financial Aid.

SATISFACTORY ACADEMIC PROGRESS REQUIREMENTS FOR RECEIVING FINANCIAL AID

Students who receive federal or state funds administered by the Financial Aid Office must demonstrate Satisfactory Academic Progress (SAP) in order to Remain Eligible to receive federal and state financial aid.

Grade Point Average

Students must maintain a GPA of at least 1.5 during the first year and have a GPA of at least 2.0 at the end of the second year (measured as a period of time, not by the student's grade level). Grades of A, B, C, D, WF and F contribute toward the semester GPA. Those who do not have a Lon Morris College academic history (incoming freshman or transfer students) will be assumed to be making satisfactory progress at the time of enrollment. Developmental course work is included in the semester GPA.

Successful Completion of Courses

Students must successfully complete each semester at least two-thirds of all semester credit hours (SCH) attempted as of their enrollment at the end of the drop/add period at Lon Morris College. This includes both developmental and college-level course work. Successful completion is measured by grades of A, B, C and D.

Example: A student enrolled in 15 SCH for a semester at Lon Morris College. At the end of the semester the student has successfully completed nine SCH, having received an F in one three SCH class and withdrawn from one three SCH class after the drop/add period. The student has not met Financial Aid SAP requirements for the semester because two-thirds of the SCH attempted (10 out of 15) was not completed. Because the student was in Good Standing for the previous semester at LMC, the student will receive federal and state financial aid for the next semester at LMC but will be placed on Financial Aid Warning.

Duration

Students must complete their course of study in no longer than 150 percent of the published length of the course. All college-level credit hours attempted toward a degree at LMC, whether or not they are completed or passed, are counted toward the maximum duration. Students who exceed the 150 percent limit in their course of study will no longer be eligible for financial aid.

Example: A student is in a program that requires 62 SCH to graduate. The student is entitled to receive Title IV funds for 93 SCH attempted at Lon Morris College. When the student reaches 94 SCH attempted, no more Title IV funding will be
available at Lon Morris College.

Satisfactory Academic Progress will be evaluated on a semester basis, before financial aid is extended for the following academic semester. Dependent upon their grades, students will fall into one of three categories - "good standing," "warning," or "cancellation" - for financial aid purposes as defined below:

- **Good Standing.** Students who fulfill the requirements stipulated for maintaining Satisfactory Academic Progress will be in Good Standing and eligible to receive funding in the subsequent semester.

- **Financial Aid Warning.** Students who fail to meet the semester GPA or fail to meet the 67 percent completion requirement will be placed on warning for the subsequent semester, but will still be eligible to receive Title IV funds during that semester. They will be notified of this status by mail.

- **Financial Aid Cancellation.** Students who fail to meet the requirements of Satisfactory Academic Progress for two consecutive semesters will be placed on Financial Aid Cancellation for the next Academic semester and denied federal and state funding. They will be notified of this status by mail.

**Extenuating Circumstances**

Each situation will be reviewed by the Director of Financial Aid and the Academic Dean to determine if the unacceptable GPA was produced because of personal illness, injury, etc. A decision will be made after this review to decide if satisfactory academic progress can be accomplished and financial aid can continue.

**Appeals Process**

A written appeal must be furnished to the Director of Financial Aid after notification of probation or suspension. This appeal will be reviewed by the Director of Financial Aid and Academic Dean to determine whether to waive the previous action taken.

**AWARDS AND FUNDS**

All financial aid award letters are prepared with the understanding that the student will enroll full-time. Full-time status for financial aid purposes is 12 credit hours or more. If students enroll less than full-time in any semester, they must notify the Financial Aid Office (FAO) prior to the first day of classes. Awards will be adjusted accordingly. Students have the option of accepting or declining any portion of the award. By signing and returning the award letter to the FAO, the student gives permission for accepted awards to be disbursed and credited to the student account.

When the student accepts Stafford loan funds on the award letter and submits the Federal Stafford Student Loan - Information Form, the student has confirmed to have a loan certified and disbursed. The Master Promissory Note (MPN) for the Federal Stafford Loan Program only needs to be completed by the student once for the student's entire attendance at the College. The student's signature on this form allows for all future disbursements while enrolled at Lon Morris College. If the student needs additional funds during the academic year, the student's signature on the MPN gives the lender permission to disburse future loans certified by LMC. The student must request additional loan money with the FAO at LMC, and the FAO will ask the student to initial and date the amount of extra money requested on the Federal Stafford Student Loan - Information Form. The FAO will certify additional loan funds with the lender.

**Students must complete the Free Application for Federal Student Aid (FAFSA) every year as soon as possible after January 1.**
Students should always notify the FAO if any awards such as scholarship, assistantships, or other types of assistance are not listed on the financial aid award letter. When a student receives funds after being notified of or receiving the original financial aid award, adjustment to the original financial aid may be required. Federal regulations require LMC to prevent awarding in excess of a student's financial need. In some instances, a portion or all of a student's loan or other funds may have to be returned to the source. If the student has already received these funds, the student may owe funds back to LMC.

Disbursement, Refund & Repayment Policies

Students are required to maintain regular and consistent attendance in all classes. Financial aid disbursements will be calculated on the student's class attendance. Students who stop attending class, drop out, or officially withdraw may owe money back to the federal financial aid programs or other scholarship or loan programs. Students should follow the procedures printed in Lon Morris College's catalog for formally withdrawing from LMC.

Lon Morris College's Refund Policy appears in the "Expenses" section of this catalog. If a student withdraws or drops out on or after the first day of classes, the Business Office will calculate a refund of tuition and fees. If the student is a Federal Title IV financial aid recipient, the return of Title IV funds is calculated and returned to the financial aid program(s) by Financial Aid Office in accordance with federal law.

If a student withdraws, drops classes, or stops attending classes on or after the first day of classes and the student receives a refund of Federal Title IV financial aid funds for the semester, the student may owe a repayment of a portion of the financial aid received for that term to LMC and the federal government. The repayment is calculated for the period of time the student is not in attendance, in accordance with federal formulas. The student is required to repay any funds received for the time the student is not in attendance.

In a refund, return, or repayment, the student may owe additional funds to LMC, the federal government, and state government. Students are encouraged to use caution in deciding to drop or withdraw from classes.

Dropping classes or withdrawing from LMC may impact the student's future financial eligibility. Students should be familiar with LMC Financial Aid Satisfactory Academic Progress Standards.

Students are billed for a repayment or refund owed to LMC. The repayment must be paid before any additional Federal Title IV aid is awarded. Any unpaid amount may be assigned to the U.S. Department of Education. A hold is placed on all LMC records when the student owes a repayment. The student is ineligible for any additional federal financial aid funds until the debt is satisfied.

SCHOLARSHIPS-GRANTS-LOANS

Federal Programs

PELL GRANT – A Federal grant that provides up to $4,050.00 per year based on need. Separate application required.

FEDERAL SUPPLEMENTAL ED. OPPORTUNITY GRANTS – A Federal grant to
students based on need.

FEDERAL COLLEGE WORK-STUDY PROGRAM – A Federal student job program based on need.

FEDERAL SUBSIDIZED STAFFORD STUDENT LOAN – A loan awarded on the basis of financial need. The government pays the interest while the student is in school at least half-time, and during grace and deferment periods.

FEDERAL UNSUBSIDIZED STAFFORD STUDENT LOAN – A Federal Stafford loan not awarded on the basis of financial need. Interest accrues from the time the loan is disbursed, although interest payments may be deferred during in-school, grace, and deferment periods and added to the principal balance of the loan.

PARENT PLUS LOAN - Loans designed to help the parents or legal guardians of dependent students pay for post-secondary (college) education. They must be obtained in addition to or in place of Stafford loans. PLUS loans have a 8.5% fixed interest rate. Like Stafford loans, a guarantee and origination fee is charged.

PLUS borrowers may receive up to the student's estimated cost of education less other financial aid, including Stafford loan assistance for which the dependent student is eligible. Borrowers will be subject to a credit evaluation. If a PLUS loan is denied, the dependent student may be eligible for an unsubsidized Stafford loan. Repayment of the PLUS loan will begin within 60 days after the final disbursement.

State Programs

TEXAS TUITION EQUALIZATION GRANT (T.E.G.) – A program for Texas residents based on need to help offset tuition at a private college.

LEVERAGING EDUCATIONAL ASSISTANT PARTNERSHIP (LEAP) – A Federal grant that matches the T.E.G. and is based on need.

SPECIAL LEVERAGING EDUCATIONAL ASSISTANCE PARTNERSHIP (SLEAP) - A Federal grant that matches the T.E.G. and is based on need.

TEXAS COLLEGE WORK STUDY PROGRAM - A State student job program based on need.

EARLY HIGH SCHOOL GRADUATION SCHOLARSHIP - A state funded grant for students that graduate from high school (grades 9-12) in 36 months.

Lon Morris College Scholarships & Awards

The scholarship and award program at Lon Morris College is maintained through the contributions of many friends of the College. Among these sources of aid are the income from endowment funds, churches, Sunday School classes, foundations, and alumni.

Students are eligible to apply for any combination of the following scholarships and awards:

LON MORRIS COLLEGE FINANCIAL AID SCHOLARSHIPS AND AWARDS

SCURLOCK SCHOLARS – Applicants must rank in the top two percent of their high school graduating class and have scored in the ninetieth percentile or above nationally on either the ACT or SAT exams. A limited number of the scholarships will provide up to full tuition, fees, room and board. The student must maintain a 3.5 grade point average in subsequent semesters.

TRUSTEES SCHOLARS – A limited number are available to high-achieving students who graduate in the top two percent of their high school class or who rank in
the ninetieth percentile or above nationally on either the ACT or SAT exams. The value of the scholarship is up to full tuition. The student must maintain a 3.1 grade point average in subsequent semesters.

BISHOP’S SCHOLARS – A limited number is available to one student from each Annual Conference of The United Methodist Church who has been nominated by his or her presiding bishop and who graduates in the top fifteen percent of their high school class. The value of the scholarship is up to full tuition. The student must maintain a 3.1 grade point average in subsequent semesters.

PRESIDENT’S SCHOLARS – A limited number are available to students who graduate in the top ten percent of their high school class or who rank in the eightieth percentile or above nationally on either the ACT or SAT exams. The value of the scholarship is up to two-thirds annual tuition. The student must maintain a 2.5 grade point average in subsequent semesters.

DEAN’S SCHOLARS – A limited number are available to students who graduate in the top twenty percent of their high school class or who rank in the seventy-fifth percentile or above nationally on either the ACT or SAT exams. The value of the scholarship is up to one-half annual tuition. The student must maintain a 2.5 grade point average in subsequent semesters.

DEPARTMENTAL AWARDS

In recognition of a student’s special talent or academic promise in a particular area of study, a limited number of departmental awards are available annually. Recipients are required to meet normal admissions standards. Some departments may require auditions or portfolios as part of the application process. The amount of the award may vary annually. The student must maintain a 2.25 grade point average in subsequent semesters.

CAMPUS ACTIVITY AWARDS

Students may qualify for activity awards determined by specific programs of the college. Applicants must meet normal admissions requirements and the granting of the award will require participation in the activity or program. The amount of the award may vary annually. Students must remain in good academic standing in subsequent semesters.

CONSTITUENT AWARDS

In recognition of the historic importance to Lon Morris College of The United Methodist Church and the surrounding community, awards are available to members of the constituent groups listed below. These awards may not be combined with academic scholarships or with each other, but recipients may qualify for additional limited activity or departmental awards and all other need-based financial assistance funded from external sources. For specific information, contact the Office of Financial Aid.

UNITED METHODIST PASTORS’ AWARDS: A limited number are available to students who are members in good standing of The United Methodist Church upon written nomination by their pastor. The value of the award is up to $1,250 annually. The student must maintain a 2.25 grade point average in subsequent semesters.

CHEROKEE AREA AWARDS: A limited number are available to students who are residents of Cherokee County and various surrounding communities. The value of the award is up to $2,000 annually. The student must maintain a 2.25 grade point average in subsequent semesters.
UNITED METHODIST PASTOR’S DEPENDENT AWARDS: A limited number are available to a child of a United Methodist pastor in the Texas Annual Conference. The value of the award is up to $3,000 annually. The student must meet normal admissions requirements and must maintain a 2.25 grade point average in subsequent semesters.

MISCELLANEOUS PROGRAMS

UNITED METHODIST SCHOLARSHIP: A limited number of scholarships are granted by The United Methodist Church to Methodist students who have made significant contributions to church and community.

HOPE PIERCE TARTT SCHOLARSHIP: A limited number are available to students who reside in Panola, Marion, Gregg, Harrison, and Upshur counties may apply for this award that ranges up to $2,500 annually.

Award and Scholarship amounts may vary from year to year based on investment returns and other financial considerations.

ALL SCHOLARSHIPS AND AWARDS ARE PAYABLE AT A RATE OF 1/2 PER SEMESTER.

SCHOLAR DOLLARS

Scholar Dollars: Scholar Dollars is a grades for scholarship program for 7th-12th grades in designated public schools. Students may earn credit toward a scholarship at Lon Morris College by making good grades. To apply for the program, a student must complete the application and have it signed by a parent or guardian. The student must also, write a brief essay on "Why Education is Important to my Future."

Guidelines for Lon Morris College’s Scholar Dollar Program
• You must enroll at LMC within 15 months of graduation from high school in order to be eligible for scholarship dollars. You must then be enrolled for four consecutive fall and spring semesters as a full-time (registered for 12 semester hours) student to remain eligible to participate in the program.
• After enrolling at LMC, you must maintain at least a C average (2.0) each semester.
• When eligible, you may receive up to 1/4 of your LMC scholarship dollars each semester that you are registered.
• Award cannot exceed tuition and fees.
• Student must meet LMC admission standards.
• LMC reserves the right to change or modify guidelines at any time. Exceptions to guidelines will be considered on an individual basis.
• Credits cannot be used for payment of dual enrollment, summer school, or the May semester.
ACADEMIC AND GRADUATION INFORMATION

ACADEMIC LOAD

The standard load for a student during a regular semester (Fall, Spring) is 15 to 16 semester credit hours (SCH) and during the summer session is six SCH. Students enrolled in 12 or more semester hours during a regular semester or 6 semester hours during a summer session are considered full-time students. Students may not register for more than 18 SCH without the approval of the Academic Dean.

SEMESTER CREDIT HOUR

The semester credit hour is defined as the amount of credit allowed for one hour of course work per week for one semester. Thus, a course meeting three times a week for one semester carries a credit of 3 semester credit hours (SCH). In some cases, though, the number of credit hours and contact hours will not be the same. For example, laboratory work of two or three hours per week for one semester usually carries only one SCH. SCH for developmental courses are used for determining (1) full-time/part-time status, (2) eligibility for scholarships and intercollegiate athletics, and (3) probation/suspension status. However, developmental SCH do not apply toward total hours needed for graduation and are not transferable to other institutions of higher education.

COURSE NUMBERING SYSTEM

Lon Morris College is a member of the Texas Common Course Numbering System Consortium approved by the Texas Higher Education Coordinating Board. This numbering system was developed for the purpose of facilitating the transfer of general academic courses.

The four-letter prefix identifies the subject area. The four-digit numbers indicate the following:

First digit: Identifies the level
0 - developmental
1 - freshman
2 - sophomore

Second digit: Identifies the credit hour value

Third/Fourth digit: Establishes the course sequence

STUDENT RESPONSIBILITY

While Lon Morris faculty and staff members advise and assist students in preparing schedules and degree plans, students are themselves responsible for their own educational progress. Ultimate responsibility for scheduling the proper classes and completing the degree requirements lies with the student. Students must familiarize themselves with the academic and disciplinary policies presented in this bulletin and the Student Handbook. Students must know the college’s core requirements as well as the requirements of their fields of study and must enroll in the appropriate courses for their program. Students must choose the proper courses to meet prerequisites and complete their degree plans. Students intending to transfer to a university should also familiarize themselves with its academic
requirements and take appropriate courses while at Lon Morris College. Each student must keep the Registrar informed of correct addresses and telephone numbers. Students must verify their class schedule each semester and notify the Registrar of any errors. Students will be held to the highest ethical standards. Cheating will result in severe penalties ranging up to expulsion.

CLASS ATTENDANCE POLICY

Responsibility for class attendance rests with the student. Regular and punctual attendance at all classes is expected. When a student has a legitimate reason for being absent, it is the student’s responsibility to check with the instructors on work missed. The instructor has the option of permitting the student to make up missed work. Only absences on official college business or military assignments are automatically excused.

Students are graded on the basis of intellectual effort and performance. In most cases, class participation is a significant measure of performance, and non-attendance can adversely affect a student’s grade. When, in the judgment of the instructor, a student has been absent to such a degree as to jeopardize the chances of success in the course, the instructor may drop the student from the course. Faculty members do reserve the right to evaluate individual cases of non-attendance.

Individual class attendance requirements are stated on each course syllabus. To provide consistency to the attendance policy, instructors may drop a student or impose penalties for non-attendance after a student has accumulated the following number of absences:
- 3 absences in a MWF class
- 2 absences in a TTH class or classes meeting two nights per week
- 1 absence in a class that meets one day/night per week
- 5 absences in a class that meets five days per week

**It is the responsibility of the student to drop a course officially or verify that the instructor has initiated the drop.**

REGISTRATION

Students are responsible for meeting admission requirements prior to class registration. Failure to meet all requirements may result in removal from the classes in which the student has enrolled.

New students are responsible for attending an orientation session and for becoming familiar with the procedures of registration.

LATE REGISTRATION

Students who do not register at the scheduled time of registration may be permitted to enroll during the scheduled late registration period, as space allows. These students must meet admissions requirements and complete the admissions procedures within a reasonable amount of time as deemed by the Office of Admissions. Students who register late are responsible for making up all missed assignments.

ADDING AND DROPPING COURSES

Students who wish to make schedule changes should first consult with their academic advisor. A student who finds it necessary to add a course after regular registration may do so only during the first week of classes in the semester (see Academic Calendar). Classes may be dropped with a “W,” a “WP,” or a “WF” as determined by the dates indicated in the Academic Calendar. A course that is dropped with a grade of “WF” is considered...
an “F” in the course. The student may obtain an official drop form from the Registrar’s Office. The completed form must be returned to the Registrar’s Office.

**INDEPENDENT STUDY**

With the approval of the Academic Dean and the consent of the instructor, a student may, for a fee, enroll in an individually directed course. Laboratory classes and classes requiring group participation are not available for individual study.

**AUDITING A COURSE**

When space is available, permission to audit a course may be granted to students who have been admitted to the college and who either already have credit in the course or do not wish to receive credit for the work.

Under no circumstances may a student switch from audit to credit after the last day to register, but a student who withdraws from a course may then switch to audit, so long as any tuition refund is not greater than the audit fee. A student who audits a course becomes ineligible for credit by examination in that course.

**WITHDRAWAL FROM SCHOOL**

A student who finds it necessary to withdraw from Lon Morris College must complete an official withdrawal form obtained in the Registrar’s Office. All obligations must be met before withdrawal is complete. Transcripts will be issued only after all obligations to the college have been met. Failure to withdraw officially may result in grades of “F” in all courses. Classes dropped before the last day to add a course will not be recorded on the student’s transcript. Otherwise, grades of W, WP, or WF will be assigned. Withdrawal after the last day to receive a grade of WP or WF will be allowed only in exceptional cases approved by the Faculty Academic Standards Committee.

**GRADING**

Grades are reported at mid-term and at the end of the semester. Letter grades are awarded according to the following criteria:

- **A (90-100)** 4.0 grade points per semester hour. A grade indicating an excellent performance in meeting the criteria of the course.

- **B (80-89)** 3.0 grade points per semester hour. A grade indicating a good performance in meeting the criteria of the course.

- **C (70-79)** 2.0 grade points per semester hour. A grade indicating an average performance in meeting the criteria of the course.

- **D (60-69)** 1.0 grade points per semester hour. A grade indicating a poor or substandard performance in meeting the criteria of the course.

- **F (below 60)** 0.0 grade points per semester hour. A grade indicating the inability to perform satisfactory work required for completion of course requirements.

- **I (Incomplete)** 0.0 grade points per semester hour. A grade indicating unfinished work (i.e., important assignment, term paper, final exam or lab) that is given for medical or other sufficient reason. All work must be completed before the end of the following regular semester; otherwise, the final grade will be recorded as an “F.” Documentation outlining removal of the incomplete will be filed with the Academic Dean.

- **W (Withdrew)** 0.0 grade points per semester hour. A grade indicating that the student withdrew from enrollment in the course prior to the date indicated in the Academic calendar. No SCH are earned and the grade point average is not affected.
WP (Withdraw passing) 0.0 grade points per semester hour. A grade indicating the student withdrew passing from enrollment in the course prior to the date indicated in the Academic calendar. (In exceptional cases, the Faculty Academic Standards Committee may extend the date.) No SCH are earned and the grade point average is not affected.

WF (Withdraw failing) 0.0 grade points per semester hour. A grade indicating the student withdrew failing from enrollment in the course prior to the date indicated in the Academic calendar. No SCH are earned and an “F” is calculated in the student’s grade point average.

CR (Credit) 0.0 grade points per semester hour. A grade indicating credit for Advanced Placement, CLEP, or IB. SCH are earned but do not affect the grade point average.

PR (In Progress) 0.0 grade points per semester hour. A grade used only in developmental and ESL classes indicating that the student is making satisfactory progress but is not ready to move to the next level. The student is expected to register in the class in the following semester; otherwise the PR becomes W.

**GRADE POINT SYSTEM**

Lon Morris College employs a 4.0 grade point system. Each semester hour of work completed earns the appropriate number of grade points. Grades of I, W, WP, CR, and PR are not calculated as part of the grade point average (GPA).

To determine the GPA, multiply the points awarded for each grade received by the number of semester credit hours assigned to that course, including grades of “F” or “WF” that are received. Next, compute the total number of grade points earned and divide this figure by the total number of semester credit hours attempted to obtain the semester GPA.

**Example:**

<table>
<thead>
<tr>
<th>Course</th>
<th>Grade</th>
<th>Points</th>
<th>SCH</th>
<th>Total</th>
</tr>
</thead>
<tbody>
<tr>
<td>Course 1 (3 SCH)</td>
<td>B (3.0 grade points)</td>
<td>3 x 3 = 9</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Course 2 (3 SCH)</td>
<td>W (0.0 grade points)</td>
<td>3 x 0 = 0</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Course 3 (4 SCH)</td>
<td>C (2.0 grade points)</td>
<td>4 x 2 = 8</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Course 4 (3 SCH)</td>
<td>D (1.0 grade points)</td>
<td>3 x 1 = 3</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Course 5 (1 SCH)</td>
<td>WF (0.0 grade points)</td>
<td>1 x 0 = 0</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Course 6 (1 SCH)</td>
<td>A (4.0 grade points)</td>
<td>1 x 4 = 4</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Total grade points: 24
Total SCH attempted: 12
Semester GPA: 24/12 = 2.0

If a student repeats a course, both grades will remain on the transcript but only the higher grade will be counted as SCH earned and in determining the overall grade point average. To be eligible for graduation, a student must achieve a cumulative grade point average of at least 2.0

**GRADE APPEAL**

Any student who has a question or concern regarding the assignment of a grade that may affect the student’s academic record, course work, or fulfillment of degree requirements may appeal the grade following the procedures outlined in the Student Handbook. The grade appeal must be presented within thirty days after the end of the semester. Documents supporting the appeal may also be presented.

**CREDIT BY EXAMINATION**

Lon Morris College grants advanced credit in the following ways:
1. By departmental exam:
   At present departmental exams are offered for
   COSC 1301; DRAM 1351, 2336; ENGL 1301; MATH 1314, 1316, 2412; MUSI
   1311; SPAN 1411, 1412
   a. Departmental exams are available only to currently enrolled Lon Morris
      students.
   b. Students may not take departmental exams for classes in which they are
      currently enrolled, have previously failed, or which are prerequisite to courses
      for which they have already earned credit.
   c. The department giving the exam will assign a grade of A, B, C, D, or F.
      Unsuccessful attempts are not recorded on the transcript. Students must pay
      a fee of $75 to have the course entered on their transcript. The course will be
      considered for all purposes the same as a class taken during the semester in
      which the test is given.

2. By national exams administered by the Advanced Placement Program of the
   College Entrance Examination Board (AP), the College Level Examination
   Program (CLEP), or International Baccalaureate Higher Level Examinations (IB).
   Full information on credit from national exams is available from the Academic
   Dean. For more information on the AP Program of the College Examination Board,
   write to CEEB, P. O. Box 592, Princeton, NJ 88540. The following rules apply to
   credit by national examination:
   a. Credit is available to both incoming students and students currently
      enrolled.
   b. Scores earned on national examinations should be sent to Lon Morris College.
      The student must notify the Registrar’s Office of the decision to accept or
      decline the credit. The symbol “CR” (credit), rather than a grade, will be
      posted to a transcript. Generally, the grade equivalent of “A” or “B” must
      be earned on an examination in order for “CR” to be awarded. Unsuccessful
      attempts are not recorded on the transcript.
   c. Credit by national examination will not be awarded for courses in which a
      student is currently enrolled, has previously failed, or which are prerequisite
      to courses for which credit has already been earned.
   d. Credit by national examination is not applicable toward determination of
      scholastic standing or academic honors. Likewise, those credit hours will
      not satisfy the requirements for minimum hours in residence which must be
      earned at Lon Morris College for a degree.
   e. A maximum of thirty hours of credit by examination may be accepted at Lon
      Morris College. Certain limitations will apply to the courses accepted.
   f. Transfer of courses earned through credit by examination is determined by
      the receiving institution. Students are urged to verify transferability with the
      university to which they intend to transfer.

TRANFER OF CREDIT
Students may transfer to Lon Morris College credit earned at any regionally accredited
college or university. The student must have the transferring institution send an official
transcript to Lon Morris as soon as it becomes available. The Academic Dean will make a
course-by-course evaluation of the transcript to determine the number of SCH and grade
points to be accepted. Orientation, developmental, and vocational/technical courses and
courses valued at less than 1 SCH are not transferable. Lon Morris can accept courses with a grade of D from another institution only if the GPA at the other institution is at least 2.00. Students who transfer to Lon Morris College from an American institution of higher education that is accredited by one of the regional accrediting associations may receive transfer credit if they validate it by one of the following methods:

1. Successfully complete a departmental examination or nationally standardized test approved by the appropriate department.
2. With the department chair's approval, achieve a grade of at least C in a higher-level course in the same subject area.

Lon Morris will accept only grades of C or better from unaccredited institutions. The academic dean will evaluate credit from foreign institutions that do not use an American credit system based on the number of class hours per year. The dean will evaluate A-levels and Highers from British-model secondary schools on the same basis as AP credit.

Complete rules for transfer of credit are available from the Academic Dean. Students are responsible for getting the results of their transfer evaluations from the Dean.

**ACADEMIC PROBATION**

For the determination of GPA for academic probation and suspension, both credit and developmental hours are calculated in both the cumulative and the semester GPA. For graduation purposes, however, only *credit* hours are calculated in the cumulative GPA.

To remain in good standing, a student must maintain a GPA as follows:

<table>
<thead>
<tr>
<th>Credit hours attempted</th>
<th>GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>1-34</td>
<td>1.50</td>
</tr>
<tr>
<td>35-50</td>
<td>1.60</td>
</tr>
<tr>
<td>51-59</td>
<td>1.80</td>
</tr>
<tr>
<td>60 or more</td>
<td>2.00</td>
</tr>
</tbody>
</table>

At the end of any semester in which the student’s cumulative GPA (credit as well as developmental hours) falls below the minimum according to hours attempted, the student will be placed on academic probation for the following semester. Probationary students are limited to four three-hour or four-hour classes unless more are approved by the Academic Dean. The Academic Dean may make registration in certain classes or attendance of a college academic support service a condition of probation.

If at the end of the probationary semester, the cumulative GPA is above the required level, the student will be removed from academic probation. If, at the end of the probationary semester, the cumulative GPA is below the standard but the semester GPA meets the standard, the student may continue on academic probation. If the cumulative and semester GPAs fall below the standard, the student will be placed on academic suspension for one long semester (Fall or Spring).

**ACADEMIC SUSPENSION**

Students on academic probation who fail to achieve the minimum cumulative and semester GPA as described above will be placed on academic suspension, which bars them from enrolling in the next long-term (Fall or Spring) semester. They may re-enroll after the suspended semester on continued academic probation. A student may escape academic suspension by attending summer school or mini-terms at Lon Morris or another accredited institution. The suspended student who earns enough credits to raise the cumulative GPA to the required minimum will be removed from suspension and may enroll in the next
regular semester. A student suspended for a second time may not enroll for two consecutive long-term semesters.

**ACADEMIC SUPPORT**

**Henderson Library**

Henderson Library forms the northern half of the Cecil Peeples Academic Center. Through its collection and services, the Library supports the curricula of the College, student research tasks, and the general information needs of the students. The Library has a collection of approximately 24,500 volumes of books, 1,000 audio-visual and computer software titles, and about 325 titles of periodicals, of which 150 are current subscriptions in addition to hundreds more available digitally. The Library has seating for 125 students. The Library is open approximately 75 hours per week during fall and spring semesters.

Bibliographic instruction and library orientations are offered by the professional staff, both formally and informally, for groups and individuals. Students can use a computerized catalog of the Library’s holdings and computerized indexes and abstracts to locate periodical articles. Computers for word processing and use of course-related software are present. The student identification card functions as the library card, and this card can also be used along with a TexShare Card (available from Henderson Library) at many other college libraries in Texas. Students may request books and copies of articles through the Library’s interlibrary loan service.

The Henderson Library is completely automated. Students have access to more than 30 computers with Internet and electronic mail access.

**Kitzmann Technology Center**

The Kitzmann Technology Center has two computer labs and a computer access room all equipped with microcomputers on a client-server network that offers Windows-based word processing, web-page production, and database management programs, as well as other software related to a wide range of LMC courses. An advanced technology classroom has video conferencing capability.

**LEARNING ENRICHMENT CENTER**

Lon Morris College offers a centralized Learning Enrichment Center for specialized support for students with extra learning needs and learning disabilities. The Cole Learning Enrichment Center consists of networked state-of-the-art computers with Internet access, word processing software, and specialized adaptive technology that will help students with learning differences.

Students who have a diagnosed learning disability can take advantage of several special accommodations through this program. Americans with Disabilities Act (ADA) accommodations are comprehensive for students and are coupled with a program of advising, tutoring, and career guidance. Some accommodations consist of extended time on tests or essays, test readers or scribes, lab work assistants, different test formats, tape recorders in class, Franklin Spellcheckers, note takers, talking calculators, textbooks on tape, and separate testing locations.

Faculty and peer tutoring are offered at the Center, which serves as a common meeting site for group or individual study. Study skills enhancement, career assessments and counseling, and educational diagnostic testing are also offered through the Center’s program. This assistance is available to all students with learning differences.

LEC Accommodation Policy:
1. If you have recent (within 2 years) documentation of a disability or learning difference on file in the LEC, you are eligible for accommodations.

2. Each semester, a new request for accommodations must be filled out by the director of the LEC and signed by each of the applicable instructors. This should be done in the first ten (10) days of class.

3. If a copy of class notes is one of your accommodations, then you must specifically request the classes for which you will need them. You will need to pick up your notes in the LEC.

4. If you have an accommodation for a separate testing facility and wish to take an exam in the LEC, you must:
   1. Notify the director of the LEC at least forty-eight (48) hours in advance of your exam.
   2. You must make an appointment to take this exam.
   3. You will leave all backpacks, cell phones and notes in the office of the Director. Obviously, if these are things that you may use on the exam, this does not apply.

ACCESS TO RECORDS

In compliance with Public Law 93-380 Education Amendments of 1974 (The Family Education Rights and Privacy Act) Lon Morris College assures students the right to inspect their school records and files. The college will not permit the release of personally identifiable information in student records without the prior written consent of the student, except as follows:

1. To appropriate college officials who require access to educational records in order to perform their legitimate educational duties.

2. To officials of other schools in which the student seeks or intends to enroll, upon request of these officials, and upon the condition that the student be notified and receive a copy of the record if desired.

3. To federal, state, or local officials or agencies authorized by law.

4. In connection with a student’s application for, or receipt of, financial aid.

5. To accrediting organizations or organizations conducting educational studies, provided that these organizations do not release personally identifiable data.

6. To the parents of a dependent student as defined in section 152 of the Internal Revenue Code of 1954.

7. In compliance with a judicial order or subpoena, provided a reasonable effort is made to notify the student in advance.

At their discretion, college officials may release Directory Information which may include:

1. Name, address, telephone number
2. Date and place of birth
3. Major field of study
4. Participation in officially recognized activities and sports
5. Dates of attendance
6. Most recent previous educational institution attended
7. Classification
8. Degrees and awards received
9. Date of graduation

Students may withhold Directory Information by notifying the Registrar’s Office in writing each semester during the first 12 days of class of a Fall or Spring semester, or the first four class days of a Summer semester.
Upon written request, the college shall provide a student with access to his/her educational records. Educational records are maintained in the Registrar’s Office. Educational records do not include:

1. Financial records of the student’s parents or guardian
2. Confidential letters of recommendation which were placed in the educational records of a student prior to January 1, 1975
3. Records of instructional, administrative, and educational personnel which are the sole possession of the maker and are not accessible or revealed to any individual except a temporary substitute.

Students may challenge the content of their educational records by submitting a written request to the Registrar’s Office. Students may also request copies of educational records by submitting a written request to the Registrar’s Office. However, official transcripts will not be released to students who have not fulfilled their financial obligation to the college.

Complaints regarding alleged failures to comply with the provisions of the FERPA may be submitted in writing to the Family Policy Compliance Office, US. Department of Education, 400 Maryland Avenue, S.W., Washington, D.C. 20202-5901.

**CORE CURRICULA**

General Education Requirements. To ensure that its graduates have the expected breadth of knowledge, Lon Morris College has built into the Core Curriculum for each of its three degrees requirements in humanities, fine arts, social and behavioral sciences, natural science/mathematics, and physical activity. Each degree requires least six SCH of English, six of history or other social sciences, three of speech, three of science or mathematics, three of religion or philosophy, three of fine arts appreciation, and one of physical activity.

In order to fulfill the college's stated purpose of maintaining university-level academic standards and in an attempt to help the students become well-rounded, educated individuals, the following core curricula are required for Lon Morris College graduation:

**Associate of Arts Degree:**

1. ENGL 1301 with a grade of “C” or better, ENGL 1302 ..... 6 SCH
2. One course in each of the following areas:
   - Literature ................................................................. 3 SCH
   - History ........................................................................ 3 SCH
   - Speech ......................................................................... 3 SCH
   - Math (MATH 1314 or higher) .................................... 3 SCH
   - Religion or Philosophy ............................................ 3 SCH
3. One course in any Social Science area listed:
   - ECON, GOVT, PSYC, SOCI, CRJ,
   - HIST (in addition to above) ......................................... 3 SCH
4. One course in any Fine Art Appreciation listed:
   - ARTS 1301, 1303, 1304; HUMA 1315; MUSI 1306, 1308, 1309; DRAM 1310, 2361, 2362 .................................. 3 SCH
   - One course in any Natural Science area with a lab: .. 4 SCH
5. One activity course in Physical Education
   - Including dance, aerobics, or stage movement .......... 1 SCH
6. ORIE 1100 (Waived for students transferring in 15 SCH). 1 SCH
7. TOTAL .......... 33 SCH
In addition to the above, the student must also:

8. Demonstrate computer proficiency by using one of the following options:
   a. Complete any computer course with a grade of “C” or better
   b. Pass a computer proficiency examination given by the Computer Science Department. The student is responsible for signing up at the announced time during the semester.

9. Complete a course having a multi-cultural emphasis with a grade of “C” or better. This course may also be used to fulfill core curricula requirements. The following courses meet the multi-cultural emphasis:
   *ARTS 1303, 1304; *MUSI 1308, 1309; *DRAM 2361, 2362;
   *ENGL 2332, 2333; *GEOG 1303; *HIST 2321, 2322; *PHIL 1304;
   *SOCI 2319

Any course in a foreign language.

This requirement is waived for international students who are not graduates of U.S. high schools and for whom English is not the first language.

*Indicates a course that will also fulfill a core curriculum requirement.

**Associate of Fine Arts Degree:**

1. ENGL 1301 with grade of “C” or better, ENGL 1302........6 SCH
2. Fine Art Appreciation.....................................................3 SCH
3. One of the following:....................................................6 SCH
   a. ARTS 1311, 1316
   b. MUSI 1311, 1312
   c. DRAMA 1330, 1351
4. One course from each of the following areas:
   Math (MATH 1314 or higher).................................3 SCH
   Speech ...............................................................3 SCH
   Religion or Philosophy............................................3 SCH
   Physical activity course
   (DANC or DRAM 1322)...........................................1 SCH
5. Two courses from any of the following areas:
   ECON, GOVT, HIST, PSYC,
   SOCI, CRIJ............................................................6 SCH
6. ORIE 1100
   (Waived for students transferring in 15 SCH)...........1 SCH
   TOTAL:.......32 SCH

In addition, for completion of the AFA Degree the student must also complete the individual departmental AFA Degree requirements under Drama (27-31 hours), Music (25 hours), or Visual Arts (24 hours). See departmental general requirements.

**Associate of Science Degree:**

1. ENGL 1301 with grade of “C” or better, ENGL 1302........6 SCH
2. One course in each of the following areas:
   History, Government, Sociology, or Psychology ......3 SCH
   Speech...............................................................3 SCH
   Fine Art Appreciation: ARTS 1301, 1303, 1304;
   HUMA 1315; MUSI 1306, 1308, 1309;
   DRAM 1310, 2361, 2362.................................3 SCH
   Religion or Philosophy....................................3 SCH
3. Two courses in Math or Computer Science
   (MATH 1314 or higher) .............................................. 6 SCH
4. Two courses in any Natural Science with a lab
   Biology, Chemistry, or Physics ........................................ 8 SCH
5. One activity course in Physical Education
   Including dance, aerobics, or stage movement ........... 1 SCH
6. ORIE 1100
   (Waived for students transferring in 15 SCH) ........... 1 SCH

   TOTAL: .......... 34 SCH

In addition to the above, the student must also:
7. Demonstrate computer proficiency by using one of the following options:
   a. Complete any computer course with a grade of “C” or better
   b. Pass a computer proficiency examination given by the Computer Science
      Department. The student is responsible for signing up at the announced time
      during the semester.
8. Complete a course having a multi-cultural emphasis with a grade of “C” or better.
   This course may also be used to fulfill core curricula requirements. The following
   courses meet the multi-cultural emphasis:
      * ARTS 1303, 1304; *MUSI 1308, 1309; *DRAM 2361, 2362;
      *ENGL 2332, 2333; GEOG 1303; *HIST 2321, 2322; *PHIL 1304; *SOCI
      2319
      Any course in a foreign language.
   This requirement is waived for international students who are not graduates of
   U.S. high schools and for whom English is not the first language.
   *Indicates a course that will also fulfill a core curriculum requirement.
9. Mathematics proficiency must be shown. If a credit-level mathematics course is
   not taken, this requirement can be met by any of the following courses:
   CHEM 1411, 1412; COSC 1318, 2315, 2318, 2305;
   PHYS 1401, 1402, 2425, 2426

Service-Learning Track
Any of the three degrees, AA, AFA, or AS, may be taken with a service-learning track.
This unique program is designed for dedicated students who are committed to merging
community service with their academic studies. To acquire the special recognition of
“Service Learning Scholar” upon graduation and receive the Service Learning transcript
and diploma seal, the student must –
1. complete all requirements for the AA, AFA, or AS degree
2. complete HUMA 1170 with a grade of at least C
3. complete HUMA 1171 with a grade of at least B
4. after taking HUMA 1171, satisfactorily complete two semesters as a preceptor in
   the service-learning program.

Requirements for Graduation
In order to be eligible to receive the Associate of Arts, the Associate of Science, or the
Associate of Fine Arts degree, a student must meet the following requirements:
1. Satisfy all admission requirements.
2. Complete a minimum of 62 acceptable semester credit hours. In some Associate
   of Fine Arts fields of study, total minimum hour requirements are higher (63
hours); see AFA departmental general requirements for clarification.

3. Complete 23 of the last 32 semester credit hours in residence, or complete at least 40 semester credit hours at Lon Morris College. Credits applicable toward graduation may be transferred to Lon Morris College from any accredited institution during the student’s tenure at LMC. However, students who leave Lon Morris College with graduation deficits who intend to transfer back sufficient credits to fulfill all graduation requirements may transfer back no more than nine semester credit hours. Credits to be transferred back must be earned within three years of last attendance at Lon Morris College and verified by official transcript. Only lower division (freshman or sophomore) credits can be accepted for transfer.

4. Attain a cumulative grade point average of not less than 2.0.

5. Complete appropriate core curriculum requirements as outlined.

6. File a final degree plan at the beginning of the final semester.

7. Settle all accounts satisfactorily.

8. Participate in commencement exercises unless excused by the Academic Dean.

A student may graduate under the current catalog or any catalog in force while the student was enrolled, provided that the catalog is not more than five years old at the time of graduation.

### ADDITIONAL ASSOCIATE DEGREE

A student who has already received an associate or higher degree from any regionally accredited institution of higher learning may receive a subsequent associate degree from Lon Morris, subject to the following provisions:

1. At least 15 hours must be earned after the award of the last degree, with a grade-point average of at least 2.0.

2. At least 15 of these hours must be earned in class at Lon Morris College.

3. The student must have completed all core requirements for the degree. At least six of the 15 hours must be in addition to those needed to satisfy the core.

### TRANSFER DISPUTES

Students transferring courses from Lon Morris College to another college or university are advised to contact the transfer institution to determine its transfer policy. The decision to accept Lon Morris College courses in transfer and/or to apply those courses to individual degree plans is made by the receiving institution. Students should always consult the college catalog and/or an official from that institution to determine transferability of courses.

Transfer disputes may occur when a lower-division course is not accepted for credit by a Texas institution of higher education. It is the responsibility of the student to notify Lon Morris College as soon as possible when a transfer dispute (denial of credit) arises with the receiving institution. Lon Morris College will follow the guidelines for “Transfer Dispute Resolution” as outlined in the Rules and Regulations of the Texas Higher Education Coordinating Board, Chapter 5, Subchapter S 5.393:
(a) The following procedures shall be followed by public institutions of higher education in the resolution of credit transfer disputes involving lower-division courses:

1. If an institution does not accept course credit earned by a student at another institution of higher education, the receiving institution shall give written notice to the student and to the sending institution that transfer of credit is denied.

2. The two institutions and the student shall attempt to resolve the transfer of the course credit in accordance with Board rules and/or guidelines.

3. If the transfer dispute is not resolved to the satisfaction of the student or the sending institution within 45 days after the date the student received written notice of denial, the institution whose credit is denied for transfer shall notify the Commissioner of the denial.

(b) The Commissioner of Higher Education or the Commissioner’s designee shall make the final determination about the dispute concerning the transfer of course credit and give written notice of the determination to the involved student and institutions.

ARTICULATION AGREEMENTS

Lon Morris College is involved in transfer articulation agreements with various universities. Information concerning the necessary steps for transferring to a participating institute can be obtained from the Office of Admissions.
STUDENT LIFE

RESIDENCE LIFE

Living in a residence hall is an integral part of the learning experience. Residential living provides students with opportunities to establish new friendships, get involved in campus activities, and discover personal and intellectual growth.

Four residence halls are conveniently located on the campus. These halls provide a comfortable room a student can call “home” while at LMC. Each residence hall room is designed to meet student needs and to assist students in achieving their academic objectives. All accommodations are air-conditioned and centrally heated. Rooms are for double occupancy, and contain a bed, desk, chair, chest, and closet space for each student. Students are encouraged to add appropriate decorative items to personalize their living environment. In addition, students must furnish their own bed linens, pillows, towels, and bathroom supplies. Every hall contains laundry facilities for the convenience of the residents. A post office box for students to receive mail may be obtained from the LMC Campus Bookstore.

The four Residence Halls are as follows:

Brown Hall
This hall can accommodate up to eighty-six students. This two-story structure of glass and brick located on the south end of campus is designed for four to a suite, two rooms with a connecting bathroom. The interior is of polished wood and brick.

Clark Hall
This hall can house up to fifty-six residents. It is located on the south end of campus and is designed with two rooms to a suite with a connecting tile bathroom. The interior walls of the room are of brick and polished wood.

Craven/Wilson Hall
This hall, located west of the Chapel, is a modern housing facility for sixty-six women featuring two-room suites for four women. Each room is colorful and spacious and has ample built-in storage space including desks and chests. It also features a formal reception area, a large, comfortable sitting/living room, and a sun garden.

Fair Hall
This hall, located between the cafeteria and the chapel, houses 106 students, four to a suite of two rooms with connecting bath. Each room has two closets and is amply furnished. A large parlor enhances the homelike atmosphere.

Residency Requirement
All students under age 21 and enrolled in nine or more semester hours are required to live in College residence housing unless they are married or live with parents or relatives within a 30 mile radius from the campus. Students enrolled in less than nine semester hours may live in college residence housing only with approval of the Director of Housing.

It is important to understand that a student pays for a residential space. At times, consolidations and moves become necessary, and cooperation and assistance at these times is greatly appreciated.
Housing Reservations

Students must submit:
1. An official LMC Residence Hall application, and
2. A $200 housing deposit.

Lon Morris does not assign rooms until the student sends both the application and the deposit. Rooms are assigned on a first-come, first-served basis, and in the order in which applications and deposits are received. The housing fee serves as a deposit to cover costs of any damage to a residence hall room beyond normal usage.

While consideration is given to all preferences for hall, room, and roommate, the College assigns accommodations according to the availability of residence-hall housing space. With a proper check-out, the deposit may be refunded.

Food Service

Food service for the College is provided by a third-party provider. It is located in the Dining Hall of the E. C. Scurlock Center (Student Union Building). All students living in a residence hall are required to purchase a food service plan offering nineteen meals per week.

STUDENT LIFE

Student life programs at Lon Morris College offer students opportunities for the expression and development of interests which encourage academic and social growth.

The needs and desires of students are the foundation for the types of activities presented at the College. These activities allow students to acquire skills which enhance their personal development through involvement in planning activities, establishing interpersonal relationships, and developing leadership qualities. For further information contact the office of Student Affairs.

Student Activities & Government Association (SAGA)

SAGA is recognized by the college as the official voice of the student body whereby students can express their views to administration, faculty, individuals, and external agencies. SAGA is responsible for representing student interests on matters or questions related to student life and for coordinating activities for the college community in conjunction with the office of Student Affairs.

SAGA is comprised of student volunteers who represent every fee-paying student of the College. Each spring semester, a President and Vice President are selected. These positions are filled by students who, at the beginning of the following fall semester, will have a minimum of 30 credit hours.

Each student organization that is recognized by the college has a representative in all general SAGA meetings. All residents on campus will also have an advocate in SAGA through their residence hall representative. Each residence hall will elect their hall designate at the beginning of the fall semester and will bring to SAGA issues that relate to or otherwise concern LMC's resident student population.

To discover the opportunities for campus involvement, contact the Office of Student Activities.

Student Organizations

Lon Morris College offers a variety of organizations representing student interests. Some organizations are related to specific majors and academic interests or are honor societies. Other organizations include religious and spiritual clubs, production and
performance societies, recreational and sports clubs, cultural clubs, political and service organizations, and local fraternities and sororities.

Participating in organizations is an effective means of establishing interpersonal relationships, developing leadership and group interaction skills, and enhancing the educational experience outside the classroom environment. Students can register for specific organizations and activities through the Office of Student Affairs. The Student Activities staff can assist students in finding a club that matches a personal or professional interest. The staff can also provide students interested in forming a club with the guidelines for establishing a new student organization on campus.

**Intramural Sports and Recreation**

The Intramural Sports Program provides structured recreational opportunities for all levels and abilities. Coordinated through the Office of Student Activities, LMC's intramural program is based upon student interest and levels of participation. The programs encourage participation for fun, fitness and physical activity. Facilities include the Vivian and Bob Smith Gymnasium which houses a full-sized indoor basketball court. The Bailey Swimming Pool is located just south of the gym. The pool is open in the late spring and early fall for the enjoyment of the student body. Adjacent to Fair Hall, Alonzo's Pub provides a cyber-café environment designed to provide and encourage relaxation and social interaction. Various board and card games as well as recreational sports equipment can be checked out at this location with a valid LMC ID card. Sand volleyball courts are located behind Brown Hall and Fair Hall. Tennis and outdoor basketball courts are available on the north side of the gym in Strother Park. The Addington Fitness Center, located within the Scurlock Student Center, houses cardiovascular equipment as well machine and limited free weights.

**Athletics**

Winning is a tradition at Lon Morris College. Athletic achievement has been an integral part of the College’s long history in higher education. Students share in the excitement as the Bearcat athletic teams presently compete at the National Junior College Athletic Association level in men’s basketball, baseball, golf, and soccer, and in women’s softball, basketball, soccer, and golf. Additional opportunities include participation in Bearcat Cheer and Dance teams.

Led by our spirit teams and the LMC Krew, the student section creates a high-energy, intense atmosphere, inspiring our teams to victory. Students are admitted free to all college athletic events held on campus by showing their valid LMC identification cards.

**Spiritual Life**

Learning at LMC means a Christ-centered education, in which we attempt to feed the soul as well as the mind. In the tradition of the United Methodist Church, LMC encourages social application of inner experiences of religion. Spiritual development is fostered through weekly Chapel service, special emphasis weeks, lectures by distinguished Christian scholars, and Fourth Day Student Led Worship.

**Student Publications**

The English Department publishes *Reflections*, an annual journal of poetry and essays. *The Alexandra*, the college yearbook, is a pictorial record of the year’s events. Students
interested in submitting work for Reflections should contact the English department. Anyone interested in contributing to the yearbook should contact the Communications department.

Office of International Programs

This office is an important source of information and assistance in the initial adjustment process, contributes to the general welfare of each international student, and interacts with students and the academic advisers. The Admissions Office serves as the liaison between the international student and the U.S. Immigration and Naturalization Service (INS), providing assistance on such U.S. immigration matters as F-1 visa requirements and regulations, school transfers, extensions of stay, travel outside the United States, work permission, and practical training. The International Club encourages student participation in campus activities, arranges field trips and social events, and helps club members organize special international events for the campus and community.

CAMPUS SERVICES

Campus Security

Campus security personnel are responsible for security and safety, policy, law enforcement, criminal investigation, and emergency response.

Student Right-To-Know and Campus Security Act

In compliance with the Student Right-To-Know and Campus Security Act 20 U.S.C. Sections 1092 (a), (c), and (f), as amended, Lon Morris College collects specified information on campus crime statistics, campus security policies, and institutional completion of graduation rates.

Pursuant to federal law, victims of violent crimes are entitled to know the results of campus student disciplinary proceedings concerning the alleged perpetrators. LMC will make timely reports to the campus community of crimes considered to be a threat to students and employees and reported to campus security or local law enforcement agencies. LMC will publish and distribute an annual report of campus security policies and crime statistics to the college community; provide copies of the report to applicants for enrollment or employment upon request; and submit a copy of the report to the Secretary of Education. The annual crime statistics report will reference crimes which occur on property owned or controlled by the College and may be supplemented by listing crimes which occur off campus in buildings or property owned or controlled by student organizations that are registered by the College when such statistics are available from local law enforcement agencies. LMC will publish in the annual security report its policies regarding sex-related offenses, including sexual assault prevention programs, education programs to promote awareness of sex offenses, administrative disciplinary procedures and sanctions for offenders, and counseling and student services for victims. Prior to the offer of athletics-related student aid to a student athlete, LMC will provide information on graduation rates specified by the Act to the prospective student and to the student guidance counselor, parents and coach of that student athlete.

Health Services

A referral service for medical services is provided to students. Residence Hall Coordinators or the Director of Housing may assist students in making appointments. Any student with problems related to alcohol and drug abuse will be assisted in finding a treatment setting which will accommodate their needs. For further information on health
services, contact the Vice President for Student Affairs.

**Disability Accommodation**

Lon Morris College provides reasonable accommodation to students with physical or learning disabilities. Students who wish to request accommodation must provide the Disabilities Accommodations Office diagnostic, prognostic, and prescriptive information from an approved professional when notified of acceptance for admission. Information concerning the disability remains confidential and will not be released.

At the beginning of each semester, students requesting accommodation should meet with the Disabilities Accommodations Office to make specific arrangements. Reasonable accommodations may include degree requirement modifications, adjustments to testing situations, and auxiliary aids and services such as tape recorders, lecture notes, and computer-assisted learning.

**Job Placement Service**

To better accommodate students’ employment needs, the Office of Student Activities provides a location for the posting of job opportunities both on campus and at area businesses. Students may check these listings at the Office of Student Activities on the LMC campus.

**Campus Bookstore**

Isaac’s Books and Collegiate Outfitters serves as the campus bookstore and mail distribution center. Books are usually purchased during registration and bought back during the week of Final Exams. All postal packages are received at the bookstore; students will receive a notification in their mail box.

**COLLEGE POLICIES**

**Code of Student Conduct**

Students who enroll in Lon Morris College are expected to conduct themselves in a manner that is compatible with the College’s mission as a Christ-centered, educational institution. Students are assumed to be fully acquainted with all published policies, regulations, and rules of the College including the Code of Student Conduct. Each student is expected to obey and conduct themselves in accordance with both the penal and civil statues of the local, state and federal government. This principle extends to conduct off campus that is likely to have an adverse effect on the College or the educational process.

The College administers student discipline according to the procedures of established due process. Disciplinary procedures are defined and described in the Code of Student Conduct located in the Student Handbook. For questions related to discipline, contact the College Judicial Officer.

**Academic Integrity**

In order to foster and preserve the honor and integrity of the academic community, the College expects its students to maintain high standards of personal and scholarly conduct.

Faculty are encouraged to discuss with students in their classes, the policies and procedures developed by the College in regard to cheating, plagiarism, collusion, and other academic-related misconduct. The Academic Integrity Policy is defined and described in the Student Handbook. For questions concerning academic integrity, contact the Vice President of Student Affairs.
Non-Discrimination Policy

To the extent provided by applicable law, no person shall be excluded from participation in, denied the benefits of, or be subject to discrimination under any program, activity, policy, or procedure sponsored or conducted by the College on the basis of national origin, religion, gender, age, veteran status, or disability.

Grievances

The College has established informal and formal procedures that a student may follow when presenting grievances. A grievance is defined as any dispute or difference concerning the interpretation or enforcement of any provision of College regulation, policies or procedures.

Complaints regarding discrimination should be initiated according to the applicable policy such as the race discrimination policy, disability policy, or sexual harassment policy. These policies and procedures are described in the Student Handbook. Questions should be addressed to the Vice President of Student Affairs.

LEARNING ENRICHMENT PROGRAM
DIVISION OF FINE ARTS

The mission of the Division of Fine Arts of Lon Morris College is to offer a well-rounded, quality fine arts education within a Christian community providing the opportunity for students to mature as artists and individuals.

The Division of Fine Arts has as its vision the aim of developing the whole person. To this end, the Division will:
1. Transmit knowledge and develop skills.
2. Prepare students for upper-level study.
3. Provide a safe environment in which the student-artist can explore and grow.
4. Provide performance and exhibition opportunities that foster the creation of an impressive and significant resume/portfolio.
5. Provide cultural opportunities for the community.
6. Produce the artists and audiences of tomorrow.

An Associate of Arts (A.A.) degree affords the student the opportunity to develop artistic skills and a broad background in the liberal arts. More in-depth study of the chosen discipline is achieved through the Associate of Fine Arts (A.F.A.) degree.

While serving God, College, Alumni, Community and one another, the student achieves wholeness and a quality education.

Department of Visual Arts

The Department of Visual Arts offers courses designed to meet the needs of the student who plans a professional career in art and/or art education. The art curriculum provides training in areas designed for the art student, offering opportunities for the development of fundamental skills and an appreciation basic to artistic understanding and aesthetic awareness. The fundamental skills and techniques stressed in the first year of school allow students to pursue freely their specialized direction unencumbered, with an instinctive objective/subjective approach to their works. In addition, the department provides training for non-art majors interested in expanding their general knowledge of the arts.

Departmental Requirements for the AFA Degree

1. From the AFA Core (page 32)
   a. for AFA Core requirement 2. Fine Art Appreciation: select either DRAM 1310 (Theatre Appreciation) or MUSI 1306 (Music Appreciation)
   b. for AFA Core requirement 3: select ARTS 1311 (Design I) and ARTS 1316 (Drawing I)

2. Additional Departmental requirements:
   ARTS 1301
   ARTS 1303 AND 1304 (Art History Survey I and II)
   ARTS 1312 (Design II)
   ARTS 1317 and 2323 (Drawing II and III)
   3 SCH ARTS elective
   6 SCH of elective art studio classes

Departmental Recommendations for the AA Degree

Students planning to pursue an art major at university should take the following classes:
   ARTS 1301
   ARTS 1303 and 1304 (Art History Survey I and II)
ARTS 1311 (Design I)
ARTS 1316 and 1317 (Drawing I and II)
6 SCH of elective art studio classes

**TOTAL:** 62
All studio classes meet six hours per week with a minimum of three hours assigned additional studio work per week.

**Department of Music**

The mission of the Department of Music of Lon Morris College is to offer a well-rounded, quality music education within a Christian community providing the opportunity for students to mature as musicians and individuals.

The Department of Music has as its vision the aim of developing the whole person. To this end, the Department will:

1. Transmit knowledge and develop skills.
2. Prepare students for upper-level study.
3. Provide a safe environment in which the student-musicians can explore and grow.
4. Provide performance opportunities that foster the creation of an impressive and significant resume.
5. Provide cultural opportunities for the community.
6. Produce the musicians and audiences of tomorrow.

An Associate of Arts (A.A.) degree with an emphasis in music affords the student the opportunity to develop musical skills and a broad background in the liberal arts. More in-depth study is achieved through the Associate of Fine Arts (A.F.A.) degree with an emphasis in music.

While serving God, College, Alumni, Community and one another, the student achieves wholeness and a quality education.

**Auditions**

In addition to meeting the general requirements for admission to the college, all entering students intending to major in music must perform an entrance audition on their principle instrument or voice before a faculty committee. All persons auditioning will be expected to prepare the following repertoire as well as sight-read a passage selected by the faculty:

1. Piano - Two pieces demonstrating contrasting musical periods
2. Voice - Two songs (in any language)
3. Instrumental (Brass, Woodwind, or Percussion) - Two pieces demonstrating contrasting styles as well as major scales.

The audition must take place prior to registration. Memorization of audition material, though strongly encouraged, is not required. If an accompanist is needed, one will be provided - or accompaniment tapes may be used.

**Applied Music and Performance Examinations**

Applied instruction is available to all music students, whether A.A. or A.F.A., in the areas of piano, voice, brass, woodwind, and percussion.

All A.F.A. music majors are required to study applied music with a faculty member of the college four semesters of enrollment and to participate in student recitals each semester. All A.A. music majors are required to study applied music with a faculty member of the college two semesters of enrollment and to participate in student recitals each semester.

All students taking applied music for credit toward a music degree must take a performance jury at the end of each semester. In their final semester, all A.F.A. music majors are required to participate in a sophomore recital.
All degree candidates in applied voice or instruments other than piano must pass a piano proficiency examination or register in piano until this requirement is met.

**Ensembles**
Participation in the Lon Morris College Chapel Choir or the Lon Morris College Bearcat Band, as well as smaller ensembles, is open to all students of the College by audition. All voice and piano music majors are required to participate in the choral program. All brass, woodwind, and percussion music majors are required to participate in the band program.

The Department of Music is pleased to offer departmental and merit awards for participation in the ensembles. The entrance audition for music majors may also serve as the award audition, but a completed application must be submitted in order for the student to be considered for an award. Auditions take place throughout the school year and may be scheduled by contacting the Music Department.

**Department of Drama**

The Mission of the Department of Drama of Lon Morris College is to offer a well-rounded, quality liberal and fine arts education within a Christian community providing the opportunity for students to mature as artists and individuals.

The Drama Department fully supports the vision of the Fine Arts Division whose aim is developing the whole person. To this end, the Department will:

1. Transmit knowledge and develop skills.
2. Prepare students for upper-level study.
3. Provide a safe environment in which the student-artist can explore and grow.
4. Provide performance and exhibition opportunities that foster the creation of an impressive and significant resume/portfolio.
5. Provide cultural opportunities for the community.
6. Produce the artists and audiences of tomorrow.

The Department offers four degree tracks:

1. Associate of Arts (A.A.)
2. Associate of Fine Arts, Performance Emphasis
3. Associate of Fine Arts, Technical Emphasis
4. Associate of Fine Arts, Musical Theatre.

More in-depth study of the chosen discipline is achieved through the Associate of Fine Arts (A.F.A.) degree tracks, whereas the Associate of Arts is less specialized.

While serving God, College, Alumni, Community and one another, the student achieves wholeness and a quality education.
General Departmental Requirements:

All drama students pursuing a degree within this department, and those receiving any departmental financial assistance, are required to:

1. Audition for ALL Department productions (whether Mainstage or Studio, faculty or student-directed). Students with significant production assignments may be granted a 'per show' exemption with permission from the Department Chair.

2. Complete the following DRAMA CORE:
   a. 4 SCH in Rehearsal and Performance (R&P)
   b. 4 SCH in Basic Theatre Practice (CREW)
   c. 3 SCH in Stagecraft (DRAM 1330)
   d. 3 SCH in Makeup (DRAM 1341)
   e. 3 SCH in Acting (DRAM 1351)
   f. 1 SCH of Dance

   Additional departmental requirements for AFA Acting emphasis:
   1) 1 SCH in Dance (in addition to the above)
   2) 3 SCH in Costuming (DRAM 1342)
   3) DRAM 1322 (Movement), DRAM 1352 (Acting II), DRAM 2336 (Voice and Diction)
   4) 6 SCH in DRAM 2361, 2362 or 2363, (Theatre History), any combination
   5) 4 SCH in a Natural Science
   6) 3 SCH in Literature

   Additional departmental requirements for AFA Technical emphasis:
   1) DRAM 2331 (Stagecraft II) and DRAM 2371 (Design I)
   2) 3 SCH in Costuming (DRAM 1342)
   3) 6 SCH in DRAM 2361, 2362 or 2363, any combination
   4) 4 SCH in Basic Theatre Practice (CREW), in addition to above, for a total of 8 SCH
   5) 4 SCH in a Natural Science
   6) 3 SCH in Literature

   Additional departmental requirements for AFA Musical Theatre emphasis:
   1) 2 SCH in MUSI 1116 and MUSI 1117 (Ear/Sight)
   2) 6 SCH in MUSI 1311 and MUSI 1312 (Theory)
   3) 2 SCH in MUSI 1181 and MUSI 1182 (Class Piano)
   4) 2 SCH in MUSI 1183, 1184, 2183 or 2184 (Class Voice)
   5) 2 SCH in MUEN 1141, 1142, 2141, or 2142 (Chapel Choir)
   6) DRAM 2363 (History of Musical Theatre)
   7) 1 SCH in Dance (in addition to the above)

Departmental Recommendations for the A.A. Degree

Students planning to pursue a drama major at university should meet the DRAMA CORE (see item #2 above)

Auditions

In addition to meeting the general requirements for admission to the College, all A.F.A. Theatre (Drama) or Musical Theatre candidates must perform an entrance audition before a faculty committee. Please contact the Chair for current audition requirements.

DIVISION OF SCIENCE

The Division of Science contributes to the liberal education of students at Lon Morris College through the presentation of fundamental concepts of mathematics and science. In addition, the curricula supports the first two years of study for students whose primary educational goals are in the fields of science, pre-professional studies, mathematics, or computer science. Courses are also provided for students who require developmental study in order to succeed in college-level work.

Department of Kinesiology

The Department of Kinesiology serves students who are interested in pursuing a Bachelor of Science for careers in education, sports, athletic trainers, exercise physiology, and related fields.

### Department of Natural Sciences

The Department of Natural Sciences offers curricula in the areas of biology, chemistry, and physics for those students interested in science and engineering. Courses are also offered for those students interested in pursuing careers in medicine, dentistry, veterinary medicine, pharmacy, physical therapy, and other health-related fields.

Pre-nursing Curriculum

Associate of Science Degree

The following two-year program in nursing follows the basic requirements for admission to the University of Texas at Tyler Nursing Program. In addition, an ethnic course is required but may be taken after admission to the nursing program. If planning to attend a different nursing school, consult the catalog of that school and change the schedule at Lon Morris College accordingly.

### Department of Mathematics & Computer Science

#### Mathematics

Mathematics courses at Lon Morris are designed to meet the needs of science, business, and liberal arts students during their first two years of study. The student is advised to begin the study of mathematics with courses above the level of MATH 0402 if preparation permits. Students with insufficient mathematical preparation from high school must begin with developmental math before enrolling in more advanced courses.

## DIVISION OF HUMANITIES

The Division of Humanities helps fulfill Lon Morris College’s purpose by offering courses foundational to advanced degrees in business, criminal justice, education, English, history, geography, government, modern languages, philosophy, psychology, religion, and sociology. The division seeks to maintain university-level standards while providing personalized guidance both to help students meet these standards and to stimulate creative academic progress. The departments of the division strive 1) to bring students to the level of knowledge needed to pursue upper division classes in their area; 2) to give students who will pursue upper division studies in other areas enough knowledge of humanities to allow them to understand their heritage and society; and 3) to develop in students an ability to read, write, and conduct research at a university level.

### Prelaw

Law schools accept students with any major; there is no special pre-law major. Prospective law students need to develop their research and writing skills. For this reason, the most widely recommended majors for pre-law students are History and English. Criminal Justice is also good for those with a special interest in criminal law. All pre-law students should take ACCT 2401 and ACCT 2402 as electives.

### Department of Business

The Business Program at Lon Morris College is designed for students who plan to continue their study of business in a senior college, with the aim of receiving a Bachelor of Science, Bachelor of Arts, or Bachelor of Business Administration degree. Prescribed course work covers a variety of business-oriented areas, including accounting, economics, and finance. Students are also given opportunities for first-hand experience in the business environment. Degree plan information and the suggested course of study are available from the Department of Business.

## Department of Religion & Philosophy
### School of Church Careers
The Church Careers program at Lon Morris College is a pre-professional program for students interested in examining their call to ministry, discovering the variety of ministries and career opportunities in the Church, developing the skills needed for effective ministry, and exploring the basic theological ideas and issues related to professional church work. Admission into the program is by approval of the Director, and those accepted may apply for scholarship aid. **Students enrolled in the School of Church Careers must enroll in one church careers class per semester.** Since no academic major is offered by the School of Church Careers, students accepted into the program are expected to major in either religion or a related field, preferably in the humanities division.

COURSE OF INSTRUCTION

DIVISION OF FINE ARTS

Department of Visual Arts

ARTS 1301 Art Appreciation
An introduction to the visual arts and the elements, principles, and techniques applied to forms of visual expression. Three hours lecture per week. Suggested to fulfill the core curriculum fine arts requirement.

ARTS 1303 Art History Survey I
A critical and analytical study of the great historical works of art from prehistoric times to the fourteenth century, including historical background, architecture, sculpture, painting, and the craft arts. Three hours lecture per week.

ARTS 1304 Art History Survey II
A critical and analytical study of the great historical works of art from the fourteenth century to the present, including historical background, architecture, sculpture, painting, and the craft arts and new media. Three hours lecture per week.

ARTS 1311 Design I - 2/D
An introduction to the visual arts with emphasis on two dimensional design through studies in drawing, perspective, and the fundamentals of line, color, form, texture, shape, and arrangement. Two hours lecture and four hours studio with a minimum of three hours assigned additional studio work per week. Course fee required.

ARTS 1312 Design II - 3/D
A study of design as it applies to 3/D materials, with an emphasis on additive and subtractive processes and found object. Two hours lecture and four hours studio with a minimum of three hours assigned additional studio work per week. Course fee required.

ARTS 1316 Drawing I
Fundamentals of drawing including the investigation of a variety of media, techniques and subjects, and the exploration of the perceptual and descriptive aspects of drawing. Two hours lecture and four hours studio, with a minimum of three hours assigned additional studio work per week. Course fee required.

ARTS 1317 Drawing II
Advanced problems in drawing stressing the expressive and conceptual aspects of drawing. Two hours lecture and four hours studio, with a minimum of three hours assigned additional studio work per week. Prerequisite: ARTS 1316. Course fee required.
ARTS 2316 Painting I
Exploration and practice in the use of painting media with emphasis on color and composition. Two hours lecture and four hours studio, with a minimum of three hours assigned additional studio work per week. Prerequisites: ARTS 1311 (or approval of instructor). Course fee required.

ARTS 2333 Printmaking I
Exploratory studies in the printing methods of collagraph, relief and serigraphy. Two hours lecture and four hours studio, with a minimum of three hours assigned additional studio work per week. Prerequisite: ARTS 1311 (or approval of instructor). Course fee required.

ARTS 2346 Ceramics I
Three-dimensional design exploring clay as an artistic and practical medium through studies in hand building, wheel throwing, glazing, and firing. Two lecture hours and four studio hours per week, with a minimum of three hours assigned additional studio work per week. Course fee required.

ARTS 2383 Special Problems
Independent studies in selected areas of art arranged through consultation with and consent of instructor.

Department of Music

MUSI 1116 Ear Training and Sight Singing I
This course for music majors develops the ability to hear and sing intervals as well as beginning sight singing skills. Three hours lab per week. (Fall)

MUSI 1117 Ear Training and Sight Singing II
A continuation of MUSI 1116 with emphasis on rhythmic dictation and C-clef sight singing. Three hours lab per week. Prerequisite: MUSI 1116 with a minimum grade of “C”. (Spring)

MUSI 1181 Class Piano I
This course is designed for music majors to develop practical keyboard facility and technique and to demonstrate the application of keyboard skills of sight reading, transposition, and harmonization. Three hours lab per week. (Fall)

MUSI 1182 Class Piano II
Continuation of skills begun in MUSI 1181. Three hours lab per week. Prerequisite: MUSI 1181 with a minimum grade of “C”. (Spring)

MUSI 1183, 1184, 2183, 2184 Class Voice I, II, III, IV
Group instruction in voice for any student excluding voice majors. Student required to purchase music.

MUSI 1300 Foundations of Music
Study of the basic fundamentals of music with and introduction to melodic, rhythmic, and harmonic elements. Emphasis on participation in singing and reading music. (Fall)
MUSI 1306 Music Appreciation
A course for the non-music major which explores representative masterpieces of music. Background on composers and nontechnical discussions of music are presented to enhance the enjoyment of the listening experience. Three hours lecture per week. (Fall and Spring)

MUSI 1307 Music Literature
A general survey and appreciation course required for the Music AFA degree. Three hours lecture per week. (Spring)

MUSI 1311 Theory I
This course for all music majors examines part-writing as practiced by eighteenth-century composers. Includes analysis of representative works. Three hours lecture per week. (Fall)

MUSI 1312 Theory II
A continuation of part-writing and analysis from the tonal era. Three hours lecture per week. Prerequisite: MUSI 1311 with a minimum grade of “C”. (Spring)

MUSI 2116 Ear Training and Sight Singing III
A continuation of first-year ear training and sight singing with emphasis on syncopations and melodic dictation. Three hours lab per week. Prerequisite: MUSI 1117 with a minimum grade of “C”. (Fall)

MUSI 2117 Ear Training and Sight Singing IV
The final semester in the aural perception of music with emphasis on harmonic dictation, advanced syncopation, and group sight singing. Three hours lab per week. Prerequisite: MUSI 2116 with a minimum grade of “C”. (Spring)

MUSI 2181 Class Piano III
Continuation of skills begun in first-year class piano, culminating in partial completion of proficiency exam. Three hours lab per week. Prerequisite: MUSI 1182 with a minimum grade of “C”. (Fall)

MUSI 2182 Class Piano IV
Completion of piano skills and all portions of piano proficiency exam. Three hours lab per week. Prerequisite: MUSI 2181 with a minimum grade of “C”. (Spring)

MUSI 2311 Theory III
A continuation of the first-year theory course with eighteenth-century counterpoint as part of the advanced study. Three hours lecture per week. Prerequisite: MUSI 1312 with a minimum grade of “C”. (Fall)

MUSI 2312 Theory IV
The final semester in written theory, culminating in the study of the compositional techniques of the late nineteenth and twentieth centuries. Three hours lecture per week. Prerequisite: MUSI 2311 with a minimum grade of “C”. (Spring)

Music – Applied Studies
Private instruction in voice, piano, woodwind, brass and percussion is available to the music major. The objective is to place emphasis upon technique, musicianship, and interpretation of appropriate literature. Repertoire and study materials are correlated with the ability, needs, and progress of the student. Permission to register for credit in a MUAP course must be obtained from the instructor after individual assessment. **Student required to purchase music. Course fee required.**

**MUAP 1217, 1218, 2217, 2218 Flute I, II, III, IV**
**MUAP 1221, 1222, 2221, 2222 Oboe I, II, III, IV**
**MUAP 1225, 1226, 2225, 2226 Bassoon I, II, III, IV**
**MUAP 1229, 1230, 2229, 2230 Clarinet, I, II, III, IV**
**MUAP 1233, 1234, 2233, 2234 Saxophone I, II, III, IV**
**MUAP 1237, 1238, 2237, 2238 Trumpet I, II, III, IV**
**MUAP 1241, 1242, 2241, 2242 French Horn I, II, III, IV**
**MUAP 1245, 1246, 2245, 2246 Trombone I, II, III, IV**
**MUAP 1249, 1250, 2249, 2250 Euphonium Baritone I, II, III, IV**
**MUAP 1253, 1254, 2253, 2254 Tuba I, II, III, IV**
**MUAP 1257, 1258, 2257, 2258 Percussion I, II, III, IV**
**MUAP 1269, 1270, 2269, 2270 Piano I, II, III, IV**
**MUAP 1281, 1282, 2281, 2282 Voice I, II, III, IV**

**Music – Ensemble Studies**

**MUEN 1121, 1122, 2121, 2122 Bearcat Band I, II, III, IV**
This large ensemble plays for basketball games, pep rallies, and other events. Open to all students with experience or proficiency with band instruments. **Audition required.**

**MUEN 1123, 1124, 1223, 2124 Stage Band I, II, III, IV**
This is a small ensemble designed to play for musicals, chapel services, and other events. Some travel may be required. Open to all students with experience or proficiency with band instruments. **Audition required. Must be concurrently enrolled in the Bearcat Band.**

**MUEN 1141, 1142, 2141, 2142 Chorale**
This choral ensemble emphasizes standard choral repertoire and is open to all students. Participation in weekly on-campus chapel services as well as occasional off-campus performances is required. **Student required to purchase uniforms. Audition required.**

**MUEN 1151, 1152, 2151, 2152 MasterSingers**
This scholarship choral ensemble focuses on a greater diversity of choral repertoire and is open to all students. **Membership in Chapel Choir required. Travel should be expected. Audition required. Students required to purchase uniforms.**
Department of Drama
Instructional Area: Drama

DRAM 1120, 1121, 2120, 2121 Rehearsal and Performance I, II, III, and IV.
Participation in departmental productions as performers, run crew, or FOH. Required for all majors.

DRAM 1171, 1172, 2171, 2172 Basic Theatre Practice I, II, III, and IV
Supervised practice and instruction in non-performance production areas including set construction and painting, lighting, costumes and Box Office. Required for all non-technical majors.

DRAM 1271, 1272, 2271, 2272 Basic Theatre Practice I, II, III, and IV
Supervised practice and instruction in non-performance production areas including set construction and painting, lighting, costumes and Box Office. Required for technical majors.

DRAM 1310 Theatre Appreciation
An examination of the theatrical experience through dramatic literature, theatre production, performance and theatre in society; includes an overview of the evaluation of theatre as an art form from ancient to modern day. Meets Fine Arts requirement in the college core.

DRAM 1322 Stage Movement I
A course to develop the actor’s expressive use of body while exploring movement skills with emphasis on physical training and improvisation. Meets PHED requirement in college core. Required for performance and Musical Theatre emphasis.

DRAM 1330 Stagecraft I
Students will examine the basic technical aspects of Theater with emphasis on production staff, theatre architecture, and the tools, hardware, and materials used in scenic and property construction. Course will provide hands on experience in set construction, property creation, scenic painting, and lighting. Required for all majors. Lab fee may be required.

DRAM 1341 Make-up
A practical exploration of the theory and practice of basic stage makeup. Attention will be given to the study of physiognomy, the effects of stage make-up, and types of make-up, application of straight and character makeup, and design concepts. Required for all majors. Lab fee may be required.

DRAM 1342 Costume Construction
Introduction to the fundamentals and techniques used in building stage costumes with emphasis given to hand and machine sewing. Includes instruction in basic machine sewing, reading and using commercial patterns, taking measurements, fittings, and alterations. Lab fee may be required.
DRAM 1351 Acting I

Beginning exercises and improvisation techniques used in discovering the actor's basic tools (body, mind, and imagination). Specifically intended to strengthen and integrate the student's concentration, imagination, sensory awareness, and emotional involvement. Required for all majors.

DRAM 1352 Acting II

Investigation of various philosophies and approaches to the art and craft of acting with a focus on characterization. Instruction in 'scoring the role', analyzing the text for moments and beats and in identifying the character's goals, obstacles, tactics and expectations. Required for Performance and Musical Theatre emphasis. Prerequisite: Acting I or consent of instructor.

DRAM 2331 Stagecraft II

A course covering the basic principles and advanced techniques in lighting as well as the application of the principles in scenic painting, property building, rigging, and sound. Service on light crews in productions as required. Prerequisites: DRAM 1330 Stagecraft I or consent of instructor. Required for Technical emphasis. Spring.

DRAM 2336 Voice & Diction

Intensive work in the development and improvement of the actor's stage voice including study of the vocal apparatus and the International Phonetic Alphabet. Emphasis placed on techniques of pronunciation, enunciation, articulation, projection, and exercises for development and manipulation of breath support, resonance, flexibility, and vocal control. Required for Performance and Musical Theatre emphasis.

DRAM 2351 Acting III

Provides the student with the information and skills needed for auditioning in both professional and educational theatre. Students will build resumes and an individualized audition repertoire. Prerequisites: DRAM 1351, DRAM 1352. Fall.

DRAM 2352 Acting IV

Study of period styles in acting from Comedy of Manners progressing through Shaw, Ibsen and Chekhov and an examination of American musical theatre. Prerequisites: DRAM 1351, 1352 and Sophomore standing.

DRAM 2361 Theatre History I

A study of the development of Western Theatre from the ancient Greeks to the English Renaissance with an emphasis on exploring presentation, literary criticism, architecture, design, and acting styles. Includes an examination of representative plays and playwrights of said historical periods. Meets Multi-cultural requirement in college core. Prerequisites: ENGL 1301 and 1302.

DRAM 2362 Theatre History II

A study of the development of Western Theatre from the Renaissance to early 20th century drama with an emphasis on exploring changes and innovations in presentation, literary criticism, architecture, design, and acting styles. Includes an examination of representative plays and playwrights of said historical periods. Meets Multi-cultural requirement in college core. Prerequisites: ENGL 1301 and 1302.
DRAM 2363 History of Musical Theatre
A survey of musical theatre exploring the significant theatrical and musical trends during the past 150 years. Includes an examination of the book and music of selected landmark musicals, as well as notable companies, producers, directors and performers. Required for Musical Theatre emphasis. Prerequisites: ENGL 1301 and 1302.

DRAM 2371 Scenic Design I
An introduction to the fundamentals and concepts of design in scenic, costume, light, and properties with a concentration on proper techniques in theatrical drawing, perspective and rendering. Emphasis is also given to script analysis in the development of the design concept for each area of theatrical design. Required for Technical emphasis. Prerequisite: DRAM 1330. Lab fee may be required. Fall.

DRAM 2372 Scenic Design II
A study of problem solving approaches to scenic and light design with a view to understanding the effects of historical and different staging methods. Intensive involvement in sketching, perspective and scale modeling. Lab fee may be required. Prerequisite: DRAM 1330, DRAM 2371, and Sophomore standing.

DRAM 2383 Problems In Drama
An independent study course designed primarily to offer instruction in a theatre subject not otherwise provided for in the above curriculum, thereby addressing the interests of individual students who have exhibited a particular talent or skill. Potential areas include: Directing, Playwriting, Dramaturgy, Production Design (Scenic, Costume, Lighting, Sound), Scenic Painting, etc. Prerequisites: Sophomore standing, recommendation of instructor and approval of Department Chair.

Instructional Area: Dance

DANC 1110 Tap I
Beginning study in the rudiments of tap dance. May be taken for PHED credit.

DANC 1111 Tap II
Continuation of DANC 1110. May be taken for PHED credit.

DANC 1147 Jazz I
Beginning study in the rudiments of jazz dance. May be taken for PHED credit.

DANC 1148 Jazz II
Continuation of DANC 1147. May be taken for PHED credit.

DANC 2110 Tap III
A continuation of DANC 1111, with increased expectations of techniques and disciplines used in tap. May be taken for PHED credit. Prerequisite: DANC 1111 or consent of instructor.

DANC 2111 Tap IV
A continuation of DANC 2110. May be taken for PHED credit. Prerequisite: DANC 2110 or consent of instructor.
DANC 2147 Jazz III
A continuation of DANC 1148, with increased expectations of techniques and disciplines used in jazz dance. May be taken for PHED credit. Prerequisite: DANC 1148 or consent of instructor.

DANC 2148 Jazz IV
A continuation of DANC 2147. May be taken for PHED credit. Prerequisite: DANC 2147 or consent of instructor.

DIVISION OF SCIENCE

Department of Kinesiology

PHED 1301 Introduction to Physical Education
An introductory course designed for students who are considering a career in physical education. Emphasis will be in the area of career possibilities as well as strategies that may prove useful in determining if physical education is a suitable major.

PHED 1308 Sports Officiating I
A study of the rules and mechanics necessary for officiating basketball. Practical application of the rules and mechanics will be demonstrated by the student.

PHED 1321 Coaching Sports-Baseball
The skills and strategies of baseball, with application to each position.

PHED 1322 Coaching Sports-Basketball
A study of rules and fundamental skills and techniques used in coaching basketball.

PHED 1336 Introduction to Recreation
A study of recreation programs and professions.

PHED 1338 Concepts of Physical Fitness
Concepts and use of selected physiological variables of fitness, individual testing and consultation and the organization of sports and fitness programs.

Physical Activity Classes
Requires minimum participation of two hours per week

PHED 1100, 1101, 2100, 2101 Weight Training
PHED 1102, 1103, 2102, 2103 Jogging
PHED 1104, 1105, 2104, 2105 Games & Activities
PHED 1106, 1107, 2106, 2107 Swimming
PHED 1108, 1109, 2108, 2109 Basketball
PHED 1110, 1111, 2110, 2111 Baseball
PHED 1112, 1113, 2112, 2113 Golf
PHED 1114, 1115, 2114, 2115 Softball
PHED 1116, 1117, 2116, 2117 Tennis
PHED 1118, 1119, 2118, 2119 Soccer
PHED 1120, 1121, 2120, 2121 Cheerleading
PHED 1122, 1123, 2122, 2123 Drill Team
PHED 1124, 1125, 2124, 2125 Water Fitness
Department of Natural Sciences

Instructional Area: Biology

BIOL 1322 Nutrition
Designed for pre-nursing majors. Involves the principles of digestion, absorption, and metabolism of essential nutrients and their sources, requirements, energy, and function in human nutrition. Nutritional knowledge and basic scientific principles are applied to selection and preparation of food. Three lecture hours per week.

BIOL 1406 General Biology I
A study of the basis, organization, and life processes beginning with the molecular and cellular through the community levels. Includes the areas of genetics, ecology, taxonomy, and evolution. Three lecture hours and three laboratory hours per week. Prerequisite: Eligibility for ENGL 1301 and credit-level math or enrollment in developmental courses. (May be taken in any order with BIOL 1407). Lab fee required.

BIOL 1407 General Biology II
A study of the basic principles of organismal variation and the structural and functional features of the major groups of plants and animals. Continued study of ecology and evolution. Dissection of a laboratory animal required. Three lecture hours and three laboratory hours per week. Prerequisite: Eligibility for ENGL 1301 and credit-level math or enrollment in developmental courses. (May be taken in any order with BIOL 1406). Lab fee required.

BIOL 2401 Human Anatomy and Physiology I
A comprehensive introductory course that integrates the structure and function of the human body. The systems included are integumentary, skeletal, muscular, nervous systems, and the special senses. Dissection of a laboratory animal required. Three lecture hours and three laboratory hours per week. May be taken in any order with BIOL 2402. Prerequisite: BIOL 1406 or approval of instructor. Lab fee required.

BIOL 2402 Human Anatomy and Physiology II
A comprehensive introductory course covering the respiratory, digestive, circulatory, endocrine, urinary and reproductive systems. Dissection of laboratory animal required. Three lecture hours and three laboratory hours per week. May be taken in any order with BIOL 2402. Prerequisite: BIOL 1406 or approval of instructor. Lab fee required.

BIOL 2420 Microbiology
A course that provides a solid background in fundamental facts and principles of microbiology. Morphology, physiology, taxonomy and pathology of micro-organisms are emphasized as well as techniques and media preparation. Three lecture hours and three laboratory hours per week. Prerequisite: BIOL 1406 or approval of instructor. Lab fee required.
BIOL 2372 Independent Study
A study of individual projects in areas of biological interest. Project designed and augmented by student under supervision and with consultation of instructor. Prerequisite: BIOL 1406 or 1407 and approval of instructor.

Instructional Area: Chemistry

CHEM 1411 General Chemistry I
A study of the fundamental laws, theories, and principles of chemistry, including atomic structures and chemical bonding; chemical reactions; stoichiometry; thermodynamics; state of matter. This course is designed primarily for those students majoring in science, pre-medical, pre-dental, and pre-engineering. Three lecture and three laboratory hours per week. Prerequisite: Completion of or concurrent enrollment in MATH 1314. Lab fee required.

CHEM 1412 General Chemistry II
A continuation of Chemistry 1411. Emphasis is placed on the application of fundamentals to the systematic study of the elements, including gas laws; oxidation-reduction systems; acids and bases; solubility; organic chemistry. Last half of semester includes introduction to elementary qualitative analysis. Three lecture hours and three laboratory hours per week. Prerequisite: CHEM 1411. Lab fee required.

CHEM 2423 Organic Chemistry I
A study of the chemistry of hydrocarbons and their derivatives. Emphasis is placed on structural theory as it applies to the chemistry of aliphatic, aromatic, and heterocyclic compounds. Three lecture and three laboratory hours per week. Prerequisite: CHEM 1412. Lab fee required.

CHEM 2425 Organic Chemistry II
A continuation of Chemistry 2423, with continued emphasis placed on the correlation of structure with the chemical and physical properties of the molecule. Three lecture and three laboratory hours per week. Prerequisite: CHEM 2423. Lab fee required.

Instructional Area: Engineering

ENGR 1304 Introduction to Technical Drawing
This beginning course in drafting includes utilization of drafting equipment and the basic mechanics of mechanical drawing. Items covered include alphabet of lines and weights, lettering, orthographic projections, sectioning, floor planning, dimensioning, and perspective drawing.

Instructional Area: Physics

PHYS 1405 Elementary Physics I
A laboratory course in basic physics for liberal arts students. Topics studied include scientific methods, history of physics, mechanics, measurements, and heat. Three hours of lecture and three hours of laboratory per week. May be taken in any order with PHYS 1407. Lab fee required.
PHYS 1407 Elementary Physics II
A laboratory course in basic physics for liberal arts students. Topics studied include light, wave motion, sound, electricity, magnetism, and their application to everyday life. Three hours of lecture and three hours of laboratory per week. May be taken in any order with PHYS 1405. Lab fee required.

PHYS 1411 Introductory Astronomy I-The Solar System
A survey of solar astronomy, including the basic laws of Kepler and Newton. Introduction to history and development of astronomy from pre-ancient Greek times until now, including recent experimental results from planetary probes. Two hours per week of laboratory includes nighttime observations. May be taken in any order with PHYS 1412. Lab fee required.

PHYS 1412 Introductory Astronomy II-Stellar and Galactic Systems
The universe beyond our solar system - a superficial introduction to nuclear physics; study of properties and structures of stars, star clusters, galaxies; and theories on the origin and evolution of observations. May be taken in any order with PHYS 1411. Lab fee required.

PHYS 2425 Engineering Physics I
A calculus-based course intended for engineering students. The major emphasis is on the study of kinematics and dynamics including the topics of work, power, energy, heat, and thermodynamics. Three hours of lecture and three hours of laboratory per week. Prerequisite: Completion or concurrent enrollment in MATH 2413. Lab fee required.

PHYS 2426 Engineering Physics II
A continuation of PHYS 2425. Primary areas of study are wave theory, sound, electricity, magnetism, optics, and modern physics. Three hours of lecture and three hours of laboratory per week. Prerequisite: PHYS 2425. Lab fee required.

Department of Mathematics & Computer Science
Instructional Area: Mathematics

MATH 0400 Basic College Math
A basic review of the fundamental operations of arithmetic, including whole and signed numbers, fractions, decimals, and percent. Also includes the study of charts and graphs and simple algebraic formulas. Designed for students who need review of basic mathematical skills. Non-credit.

MATH 0402 Intermediate Algebra
Includes properties of real numbers, fundamental operations on polynomials, special products and factoring, solving equations and systems of equations, sets, functions, rational and radical expressions, the coordinate system, and graphing. Placement will be based on high school background, ACT/SAT scores, and placement test scores. Non-credit.
MATH 1314 College Algebra

Brief review of intermediate algebra topics, solutions to equations and inequalities, functions and graphing, exponential and logarithmic functions, theory of equations, systems of equations, matrices, ratios, variations, progressions and the binomial theorem. Prerequisites: Appropriate placement score or MATH 0402.

MATH 1316 Plane Trigonometry

A study of trigonometric functions, triangle and angle properties including radian measures, graphical representations, identities, and logarithms. Three hours of lecture per week. Prerequisite: MATH 1314 or its equivalent.

MATH 1324 Finite Mathematics

Designed primarily for students in business, management, social and biological sciences. Topics include sets, logic, probability, statistics, and linear programming. Emphasis is placed on applications by means of problem sets related to business, social problems, games, industry, and economics. Prerequisite: Appropriate placement score or MATH 1314.

MATH 1325 Business Calculus

Calculus for students of the social and management sciences. Topics include functions, limits, derivatives, integrations, and applications to problems from business, economics, and social sciences. Prerequisite: MATH 1314 or equivalent.

MATH 1332 Introduction to Modern Mathematics I

This course is designed for the liberal arts student. Topics include sets, logic, number theory, the real number system, topics from consumer mathematics, and topics from probability and statistics. Prerequisite: Appropriate placement score or MATH 0400.

MATH 1342 Statistics

Study of probability, random variables, mean and variance, binomial distribution, normal distribution, statistical inference, linear regression, and correlation. Prerequisite: Appropriate placement score or MATH 0402.

MATH 1350 Fundamentals of Mathematics I

Concepts of sets, functions, numeration systems, number theory, and properties of the natural numbers, integers, rational, and real number systems with an emphasis on problem solving and critical thinking. Prerequisite: College Algebra or the equivalent.

MATH 1351 Fundamentals of Mathematics II

Concepts of geometry, probability, and statistics, as well as applications of the algebraic properties of real numbers and concepts of measurement with an emphasis on problem solving and critical thinking. This course is designed specifically for students who seek middle grade (4 through 8) teacher certification. Prerequisite: MATH 1350, College Algebra or the equivalent.

MATH 2412 Precalculus Elementary Functions

(For liberal arts, business, social science, natural science, and mathematics majors.) This course provides the essential background for more advanced study of mathematics. Topics include the function concept: polynomial, rational, exponential, logarithmic, and trigonometric functions; and coordinate geometry. Three lecture/discussion hours and one laboratory hour per week. Prerequisite: MATH 1314 or placement test scores.
MATH 2413 Calculus I
A study of limits, derivatives, continuity, differentials, implicit differentiation, integration, and applications of differential and integral calculus. Trigonometric, logarithmic, and exponential functions are included. Students will work with a symbolic algebra system to discover calculus concepts. Three lecture/discussion hours and one laboratory hour per week. Prerequisite: MATH 2412.

MATH 2414 Calculus II
A continuation of the study of calculus. Topics include techniques of integration, applications of the definite integral, hyperbolic and polar functions, and infinite series. Students will work with a symbolic algebra system to discover calculus concepts. Three lecture/discussion hours and one laboratory hour per week. Prerequisite: MATH 2413.

MATH 3415 Calculus III
Continuation of MATH 2414. Vector Calculus, cylindrical and spherical coordinates, partial differentiation, directional derivatives and gradient, multiple integration, line and surface integrals, Green's Theorem, Stokes' Theorem. Prerequisite: MATH 2414.

Instructional Area: Computer Science
COSC 1301 Introduction to Computers
An introductory course. Discusses history, types of computer systems, hardware and software concepts, programming, and social impact. Course includes hands on experience with Windows and standard microcomputer application software: word processor, spreadsheet, database management systems, and the Internet.

COSC 1415 Fundamentals of Programming
An introduction to structured programming concepts and methods. Includes problem-solving techniques, development of algorithms, logic structures, top-down modular design and structured programming problems. Prerequisite: High school algebra or programming or concurrent enrollment in MATH 1314.

COSC 1430 Computer Programming
Introduction to computer programming in various programming languages. Emphasis on the fundamentals of structured design, development, testing, implementation, and documentation. Includes coverage of language syntax, data and file structures, input/output devices, and disks/files. Lab required. Prerequisite: computer background or instructor approval.

COSC 1436 Programming Fundamentals I
Introduces the fundamental concepts of structured programming. Topics include software development methodology, data types, control structures, functions, arrays, and the mechanics of running, testing, and debugging. This course assumes computer literacy. Lab required.

COSC 1437 Programming Fundamentals II
Review of control structures and data types with emphasis on structured data types. Applies the object-oriented programming paradigm. Focusing on the definition and use of classes along with the fundamentals of object-oriented design. Includes
basic analysis of algorithms, searching and sorting techniques, and an introduction to software engineering. Lab required. Prerequisite: COSC 1436 or equivalent experience.

COSC 2425 Computer Organization and Machine Language

Basic computer organization: machine cycle, digital representation of data and instructions; assembly language programming, assembler, loader, macros, subroutines, and program linkages. Lab required. Prerequisite: COSC 1436 or instructor approval.

COSC 2430 Advanced Structured Language

Further applications of programming techniques. Topics may include file access method, data structures and modular programming, program testing and documentation, and other topics not normally covered in an introductory computer programming course. Prerequisite: COSC 1436 or instructor approval.

COSC 2436 Programming Fundamentals III

Further applications of programming techniques, introducing the fundamental concepts of data structures and algorithms. Topics include recursion, fundamental data structures (including stacks, queues, linked lists, hash tables, trees, and graphs), and algorithmic analysis. Prerequisite: COSC 1436 and 1437.

DIVISION OF HUMANITIES

Department of English, Language and Communications

Instructional Area: English

READ 0303 Developmental Reading

Fundamental reading skills to develop comprehension, vocabulary, and rate. Concentration will be on studying word meanings, producing effective summaries, identifying and relating key ideas, drawing and supporting inferences, reviewing study strategies, and responding critically to literary texts.

ENGL 0301 Developmental English I

Designed to help students strengthen basic English and reading skills in combination with vocabulary, grammar and spelling review, sentence formation, and paragraph writing. Concentration in reading focuses on vocabulary and comprehension, including inference and analytical reading skills. Concentration in writing focuses on grammar, sentence formation and paragraph writing. Non-credit.

ENGL 0303 Developmental English II

Concentration in writing focuses on the process approach to writing, purpose and audience, unity, development and organization in writing. Critical reading and thinking skills are also an important part of this transitional course between Developmental English and ENGL 1301 Composition I. Non-credit.
ENGL 0411 English Proficiency I
A course which focuses on English reading comprehension, vocabulary, pronunciation and paragraph writing. The class will include discussions, readings and activities concerning various aspects of American culture, traditions, and history. Lab required. Level 2 and 3 ESL students.

ENGL 0412 English Proficiency II
A course designed to improve English reading comprehension, speaking and writing to prepare students for ENGL 1301 and to raise their TOEFL scores. Emphasis on English grammar and writing skills. Lab required. Level 4 ESL students.

*All international students are required to take ENGL 0411 and ENGL 0412 unless their TOEFL scores are 550 or above or the writing evaluation indicates placement in ENGL 0412 or ENGL 1301.

ENGL 1301 Composition I
Emphasis on the reading and writing of expository prose, critical thinking, good writing techniques, precise grammatical construction, and revision skills. Students engage in frequent composition exercises illustrating the application of these principles. Prerequisite: Appropriate placement test score or satisfactory completion of English 0403.

ENGL 1302 Composition II
Continuation of ENGL 1301. Emphasis is on critical and analytical thinking as applied to reading and writing skills. Students analyze short stories, poetry, and drama of canonical and contemporary authors, including British writers. This course teaches basic principles of literary criticism and research and requires comprehensive evaluations of various types of literature and a documented literary analysis of a major literary work. Prerequisite: Grade of C or better in ENGL 1301.

ENGL 2307 Creative Writing
Offers instruction in expository and non-expository types of popular and literary genres. Offerings from year to year include creative writing, biography/autobiography, and free-lance writing. Prerequisite: ENGL 1302 or consent of the instructor. Does not fulfill core literature requirement.

ENGL 2322 British Literature I
Surveys the literature from the Anglo-Saxon Period through the NeoClassical Period. Emphasis is upon masterpieces of poetry and prose against the background of English literary history. Prerequisite: ENGL 1302 or consent of the instructor.

ENGL 2323 British Literature II
Surveys the literature from the Romantic Period to the present time. Includes representative works from the Romantic, Victorian, and Modern Periods. Prerequisite: ENGL 1302 or consent of the instructor.

ENGL 2327 American Literature I
Surveys the literature for representative American authors from the seventeenth century to the civil war. Examines works of poetry and prose and explores the context in which they were created. Prerequisite: ENGL 1302 or consent of the instructor.
**ENGL 2328 American Literature II**
Surveys the literature representative American authors from the civil war to the present. Examines works of poetry and prose and explores the context in which they were created. Prerequisite: ENGL 1302 or consent of the instructor.

**ENGL 2332 Survey of World Literature I**
Examines literature from different countries and cultures from the ancient periods through the seventeenth century. Prerequisite: ENGL 1302 or consent of the instructor.

**ENGL 2333 Survey of World Literature II**
Examines literature from different countries and cultures from the seventeenth century through the twentieth century. Prerequisite: ENGL 1302 or consent of the instructor.

**Instructional Area: Humanities**

**HUMA 1170 Leadership for Service Learning I**
An introductory course focusing on the principles of leadership. A broad-based approach to the study of leadership open to students pursuing the Service-Learning Track on the AA, AFA, or AS degree. Requires participation in Service-Learning projects.

**HUMA 1171 Leadership for Service Learning II**
A continuation of HUMA 1170 with an emphasis exploring community-based service opportunities. Requires participation in Service-Learning projects. Prerequisite: grade of C or better in HUMA 1170.

**Instructional Area: Modern Languages**

**SPAN 1411 Beginning Spanish I**
Practice in understanding and speaking Spanish. Grammar study and vocabulary building. Simple reading. Three lecture hours and one laboratory hour per week.

**SPAN 1412 Beginning Spanish II**
Continuation of SPAN 1411. Three lecture hours and one laboratory hour per week. Prerequisite: SPAN 1411, one year of high school Spanish, or permission of instructor.

**SPAN 2311 Intermediate Spanish I**
Reading of short stories, plays and novels. Composition and conversation. Prerequisite: SPAN 1412, two years of high school Spanish, or permission of instructor.

**SPAN 2312 Intermediate Spanish II**
Continuation of SPAN 2311. Prerequisite: SPAN 2311, three years of high school Spanish, or permission of instructor.
Instructional Area: Speech/Communications

Prerequisite for all SPCH courses: Eligibility for ENGL 1301 or permission of instructor.

SPCH 1311 Introduction to Speech Communication
A course in the fundamentals of speech communication including studies in interpersonal, small groups, and public communication situations. This course includes researching and organizing material, using the voice and body in presentation, and developing techniques for preparing and delivering various types of speeches.

SPCH 1315 Public Speaking
A course designed to train the student in speech performance and speech evaluation skills. Theory and practical experience focused on the formulation, presentation, and evaluation of several types of speeches including speeches to inform, persuade, and entertain as well as speeches for special occasions.

SPCH 1321 Business and Professional Speaking
A course designed for Business majors and for all students who want to study the various uses of Speech Communication in the business world. Theory and practice in interviewing, group problem-solving proposals, marketing presentations, and effective methods of using traditional and electronic visual aids.

COMM 1131, 1132, 2131, 2132 Publications
Work experience in producing and publishing the college yearbook and Reflections literary magazine. Available to all students.

Comm 1307 Introduction to Mass Communication
Study of the media by which entertainment and information messages are delivered. Includes an overview of the traditional mass media: their functions, structures, supports, and influences.

Comm 1335 Survey of Radio/Television
Study of the development, regulation, economics, social impact, and industry practices in broadcasting and cable communication. Includes non-broadcast television, new technologies, and other communication systems.

Comm 2120/2121/2122 Practicum in Electronic Media
Lecture and laboratory instruction and participation.

Comm 2189 Academic Cooperative
An instructional program designed to integrate on-campus study with practical hands-on work experience. In conjunction with class seminars, the individual student will set specific goals and objectives in the study of communication.

Comm 2303 Audio/Radio Production
Concepts and techniques of sound production, including the coordinating and directing processes. Hands-on experience with equipment, sound sources, and direction of talent.

Comm 2311 News Gathering & Writing I
Fundamentals of writing news for the mass media. Includes instruction in methods and techniques for gathering, processing, and delivering news in a professional manner.
Department of History and Government
Prerequisite for all courses: Eligibility for ENGL 1301, concurrent enrollment in ENGL 0403, or permission of instructor.

Instructional Area: History
HIST 1301 U.S. History I
A general survey of the history of the United States from the era of discovery through the Civil War. May be taken in any order with HIST 1302.

HIST 1302 U.S. History II
A general survey of the history of the United States from Reconstruction to the present time. May be taken in any order with HIST 1301.

HIST 2301 History of Texas
A general survey of the political, social, economic, and intellectual history of Texas from the pre-colonial period to the present. Recommended for students pursuing teacher certification.

HIST 2321 World Civilization I
The origins, development, and interrelations of the major world civilizations to the seventeenth century.

HIST 2322 World Civilization II
A continuation of HIST 2321 surveying the developments in the major world civilizations from the seventeenth century to the present.

Instructional Area: Government
GOVT 2305 American Government I (Federal)
The United States constitutional structure and organization of the federal system; policy and law; departments, agencies, and officials; political party development; foreign and domestic affairs. May be taken in any order with GOVT 2306.

GOVT 2306 American Government II (State)
The structure, functions, and politics of American state and local government, with emphasis on Texas, including the Texas constitution. Fulfills the requirement to be met by public school teachers. May be taken in any order with GOVT 2305.

Instructional Area: Geography
GEOG 1303 World Regional Geography
Study of major world regions with emphasis on prevailing conditions and developments, including emerging conditions and trends, and the awareness of diversity of ideas and practices to be found in those regions. Course content may include one or more regions.
Department of Business

ACCT 2401 Principles of Accounting I
A study of the conceptual framework which explains financial accounting with an emphasis on the business and economic information generated in the accounting process.

ACCT 2402 Principles of Accounting II
The study of financial accounting is continued from ACCT 2401. Partnership and corporation accounting, cost accounting, and analysis of financial statements are the areas emphasized. An introduction to managerial uses of accounting is included. Prerequisite: ACCT 2401 or permission of instructor.

BCIS 1305 Business Computer Applications
Computer terminology, hardware, software, operating systems, and information systems relating to the business environment. The main focus of this course is on business applications of software, including word processing, spreadsheets, databases, presentation graphics, and business-oriented utilization of the Internet.

BUSI 1301 Introduction to Business
An overview of the basic business functions, including accounting, business law, communication, computer technology, economics, finance, marketing, management, and office systems.

BUSI 1307 Personal Finance
A study of individual and family business problems related to organizing, measuring and planning for one’s financial future. Management of basic assets, housing, credit and insurance needs for one’s life, health and property.

BUSI 2301 Business Law I
Major content areas include general principles of law and the legal system, contracts, sales, commercial paper, bank-customer relations, agency, and property.

BUSI 2302 Business Law II
A survey of the legal environment as it relates to business and society. Major content areas covered include government regulations, consumer and environmental protection, labor and employment practices, bankruptcy, business organizations, securities regulation, insurance, wills, estates, trusts, international law, ethics, and computer law.

BUSI 2304 Business Communications
The logical and psychological application of language to the traditional business communication areas. Prerequisite: COSC 1301 or BCIS 1305.

ECON 2301 Principles of Economics I
(Macroeconomics)
Principles and problems of economics, with emphasis on macroeconomics. A study of scarcity and choice; social, political, and market processes; money, spending, output and income; national income analysis; inflation, unemployment, and economic stabilization; and the American economy.
ECON 2302 Principles of Economics II (Microeconomics)
Principles and problems of economics with an emphasis on microeconomics. A study of demand, supply, and price in the model market system; cost, supply, and income distribution in the model market system; real-world market systems; and world trade, development, and systems.

Department of Social Sciences

Instructional Area: Psychology

PSYC 2301 General Psychology
An introduction to the basic processes and principles of human behavior. Includes study of methods and findings of psychology, including historical and recent developments in motivation, cognitive and behavioral theories, personality, therapies and abnormal processes. This course relates to students as part of their general education or as preparation for professional study in education, theology, medicine, or law.

PSYC 2314 Human Growth and Development
An examination of the relationship of the physical, emotional, social, and mental factors associated with growth and development throughout the life span. Recommended for nursing and preprofessional students.

PSYC 2315 Psychology of Adjustment
A study of the problems of adjustment, self-management and the development of a well-integrated personality. Application of psychologic principles to problems and circumstances of everyday living are developed.

PSYC 2319 Social Psychology
A survey of the ways in which interpersonal events and cultural forces can impact social situations, attitudes, social group effectiveness, learning, perception, motivation, conflict and communication patterns.

Instructional Area: Sociology

SOCI 1301 Introduction to Sociology
A study of the agreements and disagreements that people make, organize, break, and change. Analysis of the theoretical points of view in sociology. Sociological concepts and methods of investigation are considered along with a study of social institutions, social processes, organizations, and social change.

SOCI 1306 Social Problems
An examination of the root causes of and alternative solutions concerning present day social problems in the United States and the world. Included in the course are such problems as poverty, racism, sexism, health, ageism, and population problems.
SOCI 2301 Marriage and Family
A course emphasizing the trends, functions, and changes of the modern family. An overview of pre-marital, marital, and post-marital problems will be considered. Such areas as proper preparation for marriage, factors in mate selections, and marriage compatibility will be discussed.

SOCI 2319 Minority Studies
A study of the problems, literature, concerns, personalities, culture, and programs of American minority groups. Groups to be considered will include the American Black, Mexican-Americans, American Indians, American-born Japanese, and other less visible minorities.

Instructional Area: Criminal Justice
CRIJ 1301 Introduction to Criminal Justice
History and philosophy of criminal justice and ethical considerations; crime defined: its nature and impact; overview of the criminal justice system; law enforcement; court system; prosecution and defense; trial process; corrections.

CRIJ 1306 Courts & Criminal Procedure
The judiciary in the criminal justice system; structure of American court system; prosecution; right to counsel; pre-trial release; grand juries, adjudication process; types and rules of evidence; sentencing.

CRIJ 1307 Crime in America
American crime problems in historical perspective; social and public policy factors affecting crime; impact and crime trends; social characteristics of specific crimes; prevention of crime.

CRIJ 1310 Fundamentals of Criminal Law
A study of the nature of criminal law; philosophical and historical development; major definitions and concepts; classification of crime; elements of crimes and penalties using Texas statutes as illustrations; criminal responsibility.

CRIJ 2328 Police Systems and Practices
The police profession; organization of law enforcement systems; the police role; police discretion, ethics; police-community interaction; current and future issues.

Instructional Area: Learning Resources and Orientation
CRLS 0300 College Reading and Learning Strategies
Strategies in textbook reading, vocabulary development, study skills, and learning styles. Non-credit course used in the Sizzling Summer Program.

ORIE 1100 Orientation
Helps students adjust to college life by introduction campus services and procedures, time management, study skills, and life skills. Required of new full-time freshman.
Department of Religion and Philosophy

Instructional Area: Church Careers

RELI 1212 The Ministries of the Church and Your Call to Ministry
An examination of the call to ministry and the basic ministries of the basic ministries of the Church. Includes educational/vocational requirements for various ministries and spiritual gifts used in each ministry. Latter part of the semester focuses on discernment of individual spiritual gifts and the call of the individual student. Students will have opportunities for spiritual formation and direction, and leadership in worship. Prerequisite: Approval of the instructor.

RELI 2210 Skills for Church Leadership
In this course, students will develop the basic skills needed for effective ministry in the Church and will practice these skills in class and in local church settings. Students will have opportunities for spiritual formation and direction, leadership in worship, and practical experience through the completion of a ministry project. Prerequisite: Approval of the instructor.

RELI 2213 Christian Worship
A study of Christian worship, including its history as well as planning and implementation of all facets of worship. Components studied are liturgical, non-liturgical, traditional, contemporary, blended, the liturgical year, use of scripture, hymnology, multi-sensory stimulus, the sacraments, use of the lectionary, exegetical process, theologies of worship, and the theology of sacred spaces. Students will participate in group planning and implementation of worship. Spiritual formation and direction is ongoing. Prerequisite: Approval of the instructor.

RELI 2311 Theology for Church Leadership
An examination of the development and basic systems of Christian theology, from creation through eschatology. Includes a study of major theologians from the early church through modern times. Each student will complete the semester by writing his or her own personal credo based on the belief systems studied. Opportunities for spiritual formation and direction are ongoing, as is the requirement for leadership in worship. This class satisfies the philosophy/religion requirement for this institution. Prerequisite: Approval of the instructor.

Instructional Area: Religion

RELI 1301 Old Testament Survey
A survey of the literature, history, and religion of the Old Testament.

RELI 1302 New Testament Survey
REL 1303 Beliefs and Practices of American Religious Groups
A survey of what American Protestants, Catholics, and Jews and their spokesperson believe and practice. Other groups and movements studied include the Amish, snake handlers, New Agers, and Reconstructionists.

REL 2301 Introduction to Christianity
A survey of the Biblical heritage, the growth and diversity of the Christian Church, and the Christian faith and life.

REL 2302 Christian Ethics
A study of the Biblical and theological bases of Christian ethics and an application to contemporary issues.

Instructional Area: Philosophy
Prerequisite for all courses: Eligibility for ENGL 1301 or permission of instructor.

PHIL 1301 Introduction to Philosophy
A survey of the major divisions and characteristic problems of philosophy.

PHIL 1304 Introduction to World Religions
This course will consider the beliefs and practices of the major religious bodies and their world views, including Christianity, Judaism, Islam, Shintoism, Taoism and Buddhism.

PHIL 2303 Introduction to Logic and Critical Thinking
Nature and methods of clear and critical thinking and methods of reasoning such as deduction, induction, scientific reasoning, truth tables, and fallacies.

PHIL 2306 Introduction to Ethics
A study of issues involved in moral deliberation and choice. This will include a survey of traditional ethical theories and their implications for moral discussion and decision.

FACTS IN BRIEF

Location
Cherokee County, Texas

Population
13,868 city; 46,659 county

Altitude
516 feet above Gulf level

Churches
53 Protestant and Catholic

Schools
Four elementary, one intermediate, one middle school, one high school, two junior colleges, one seminary

Hospitals
Two with 158 beds

Public Library
51,000 volumes

Recreation
Near three large lakes, one city-owned three miles from college; theatre, golf course, organized athletics

Industry
Lumbering and wood products, lithography supplies, medical equipment, plastics, furniture, heavy metal fabrication, and building materials.

Agriculture
Cattle, dairying, truck farming, plant nurseries, timber, and hay
